Fall term begins for many Arlington college students

The annual trek of Arlington Heights young people off to college is well under way, with many already gone and more leaving this week-end and next.

A great number of the boys already in school, continued on thru the summer session this year with only a short vacation period, that they might receive as much training as possible before being called to the services of their country. Many of the boys interviewed are taking courses that will fit them for service in the army and navy as commissioned officers, and most of them are joining the navy, army or marine corps reserves, with nearly all colleges offering this training.

Twenty-four members of the last year's graduating class have made plans to attend some college and are busy in last minute plans.

Frank Freymuth will take up aeronautical engineering at Tri-State College in January.

Margaret Allison will attend Y.M.C.A. College in Chicago, as will Robert Schuler. William Baker is planning to attend Georgia Tech. Orville Bolte has already gone down to the University of Illinois to enjoy the Freshman Rush. Mary Ellen Braden will attend Philip's University at Enid, Oklahoma, where she will take a course in dramatics.

Nancy Bredfeldt is taking a course at the Art Institute. Rolin Busse has already gone to Valparaiso University, where he is taking a course in civil engineering and has joined the Naval Reserve. Roger Fricke is taking a business course at Valparaiso and also has signed up as a naval reserve.

Vivian Moehling is attending Valparaiso as is Harold Nebel, who is also joining the Naval Reserve. Virginia Gould is taking a course in music education at Denison University. Marion Hardke will study music at Lindenwood College.

James Jirak leaves this week for Monmouth College. Leonard Johnson is going out to Iowa State College, where he will take the engineering course, and Marjorie Moddie has also chosen Iowa State College at Ames, where she will take a science course. Kent Kaiser is attending Armour College, taking engineering. Ruth Kirber will attend McKendree College at Lebanon, Ill., where she will study mathematics and music. Bill McCartney will attend Marquette University. Leif Maseng will attend the University of Illinois to study engineering. Marilyn Minter plans to attend Carleton College. Maurice Sheahan will attend the University of Illinois. William Wensley plans to attend Marquette University and Herbert Winn will take engineering at Iowa State.

Beulah Burkitt is attending State Teacher's College at White Water, Wis.

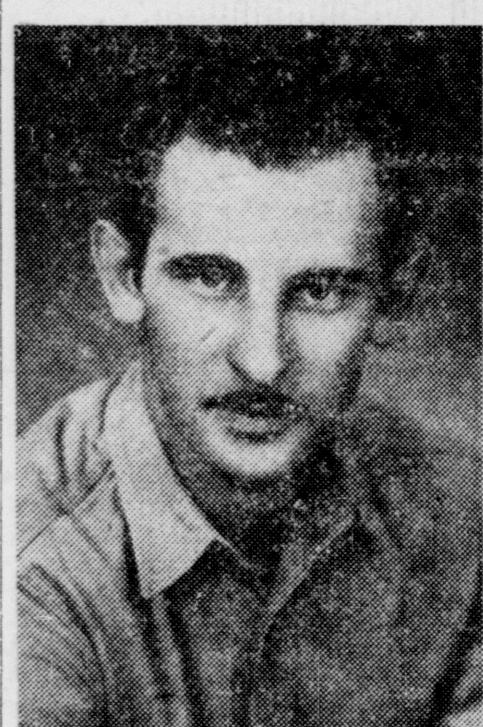

Among those who are returning for graduate work are Jean Marie Mors who will be a junior at DeKalb. David Heller who will be a junior at Knox. Howard Heller who will finish at the University of Chicago at mid-year. Evelyn Jarvis who will return to Beloit as a senior and will serve as president of the Phi Kappa. Tom Jarvis has returned for his second year at the University of Illinois and has signed up as naval reserve.

Barbar McWharther is returning for her junior year to Grinnell, Iowa. Howard Bittner is returning to the University of Illinois for his senior year. Bob O'Hagan is returning to Marquette University where he is a star football player. He is a member of the Army Air Corps Reserves. John Ashton is returning to North Park College for his sophomore year. Marian Bacon will continue at Beloit, taking a science course.

Virginia Weber will return to Monmouth for her sophomore year. Louis Haake is returning to Central States Teachers College. Harold Haugen will go back to Denison University as a sophomore. Bill Weber will leave for Knox this week-end where he will be a sophomore. Donald Lussman will continue his course in Pharmacy at the University of Illinois. Marian Babbitt will return to Smith College, North Hampton, Mass., as a junior, where she is majoring in drama and journalism.

Nancy Tackett is returning to Monticello College at Alton, Ill. Jack Moodie attended the summer session at Iowa State College and after three weeks vacation returned with his status above that of a freshman. Jack is a member of the marine reserve. John Otzen is returning to Beloit. Frances Schenberger, after a year at Lawrence College at Appleton, Wis., is taking up nurses training at Wesley Memorial hospital in Chicago. Marian Baker will attend Iowa State College at Ames, Iowa. John Harth attended summer school at Beloit and consequently will enter with his status above that of a freshman, and he is applying for the Army Reserve Corps.

A veteran

SERGEANT JOHN PENASKA, Arlington Heights soldier, veteran of Pearl Harbor, Wake Island, and the Solomons, who is now stationed in the Hawaiian Islands.

Hawaii

This week Paddock Publications are in receipt of a letter from one of Arlington Heights' servicemen, Sgt. John Penaska. He is the brother of Mrs. Anna Bista of Arlington Heights.

John enlisted in the army November 8, 1940. After the usual training period he was sent overseas as a member of the 46th fighter squadron in the 15th fighter group.

Sgt. Penaska was in Pearl Harbor when the Japs attacked. He was in the Wake Island battle and participated in the fight for the Solomons. At present John is stationed in Hawaii.

Poetically inclined, John has enclosed one of his offerings entitled

Let's Name This War

Someone said, "Let's Name This War,"

But we know there'll be more;

And this war won't be all

Yes, another Nation will fall.

And then someone will up and say

Let's have peace and once again

be gay.

But first many young heroes will

die,

Yes, they will give their lives but

"Why?"

Will they fall in vain?

Or will their fall be our gain?

Yes, some one said, "Let's give

this war a name."

But did he think of Wake, or of

its heartbreaking stand,

Or of the men that fell on its

barren sand?

Did he think of that December

morn

For which vengeance has been

sworn,

Did he think of the starving

defenders of Bataan,

Or of the boys at Corregidor that

fought on and on?

Did he think of those that left

their loved ones behind

And of the heartbreak they would

find,

Did he stop to think that they were

giving their all

Board discusses punishment for blackout violator

Members of the Arlington Heights village board with members of the local O.C.D. council spent nearly an hour Monday evening discussing what punishment, if any, should be inflicted upon the local business man who refused to extinguish his auto lights during the recent blackout. He will be asked to appear before a joint meeting of the council and the village board.

Whooping cough cases are now being strictly quarantined in Arlington Heights. Six cases were reported during August. One case of mumps was the only other communicable disease.

George Harris, engineer at the sewage treatment plant, reported to the board that the Creamery Package Co. had drawn a set of plans for a new neutralization system that would alleviate the recurrent acid condition at the treatment plant. The local plant was visited recently by a representative of Chicago Sanitary District to learn what facilities Arlington Heights has to treat sewage from the proposed aircraft training plant.

Reports of the police department include fines \$84, business licenses \$20, village licenses \$27.75, dog licenses \$4.00, bicycle licenses \$29.70.

The water department pumped 22,500,000 gallons of water during August. The treatment plant handled 18,626,000 gallons.

Modern dress given old time general store

Wheeling Station Store, one of the few remaining old time general stores in northern Cook county will reopen Saturday, Sept. 12. In place of a store with the car marks of the early 1900's, patrons will find a modern 1942 establishment.

Operated by Stahl & Weidner many years, it was a store of the pre-auto days, selling everything from a calico dress to a bolt. There was nothing that any household could need that was not sold there. Until the recent death of its last owner, Albert Weidner, it was conducted along the same lines. No electricity had even been installed.

It is all different now. When the store was actually closed, the residents of the community began to realize its importance to them and it is thru their efforts that the store, 70x40, has been remodeled, equipped with fluorescent lights and a modern stock placed on the shelves. Mr. and Mrs. Sittag, experienced retail merchandisers, have been secured as managers.

To add zest to the grand opening, every purchaser of \$1.00 worth of goods will have the opportunity to make a grab in a grab bag that contains much of the older stock of the store. Those desiring wheelbarrows will have the opportunity to purchase them at \$2.98.

Wheeling Station store is located across the street from the Wheeling railroad station. It will carry a full line of groceries, paints, hardware, clothing, dry goods, school supplies, ice cream and soft drinks.

Fire dept. saves fires; passenger falls into Weller Creek

Three young men who do not live very far from Arlington Heights, were celebrating an anniversary Saturday night. About 2 a. m. the interior of their car was burned out but Mt. Prospect fire department saved the engine and the tires.

They were driving a 1935 Ford on Elmhurst road a half mile north of route 58 when fire forced the occupants out of the car. It was six o'clock in the morning when the Mt. Prospect police discovered one of the boys trying to keep warm alongside of Weller Creek, in which he had fallen some time during the night.

Theatre coupon tickets not accept after October 1st

The management of the New Arlington Theatre, as a matter of courtesy, has been accepting the coupons of the old Arlington Theatre, although they were not issued by the present theatre owners. Notice is hereby given that no such coupons will be accepted on and after October 1st.

Boys in service are on the move

Every mail brings to Paddock Publications word of boys in service. Some are on foreign soil; others are receiving intensified training in camps throughout the United States. This week those messages are given first page position in order that these households who are not affected will realize that there are a lot of fellows who are doing their bit for Uncle Sam. The home folks shouldn't grumble over the small things that they are being asked to do on the home front.

Messages this week come from Hawaii, Egypt, Iceland, New Caledonia, India, as well as from places within the United States. Similar messages appear each week in this paper under the heading "With Uncle Sam."

India

Letters received from India last week told of the promotion of John Gieseke of Wheeling, to the rank of corporal.

Corp. Gieseke tells of many interesting experiences and is happy in his work with the signal corps. In observing customs among the natives, John has been impressed by the work turned out by the women, while men stand by and give orders. He wonders how the girls back home would like that system.

Texas

Michael Hoggay, of Arlington Heights, has been promoted to Sergeant at Camp Hulen, Texas.

Mike was moved from his camp recently when a Texas hurricane struck the coastline. The camp had to be moved to a new location 40 miles distant.

Lt. W. E. Kopplin of Arlington Heights has graduated from Fort Belvoir, Virginia. Lt. Kopplin is connected with the 2nd Engineers combat BT. He will report to Fort Sam Houston, Texas.

New Mexico

Word reaches us from Albuquerque, New Mexico, that a Des Plaines youth, Lt. Michael Locasio, is now a roommate of actor Jimmy Stewart.

Locasio says that Jimmy is a "swell guy" and a good roommate. Locasio is in the bombardier school. Stewart is also a lieutenant and a flyer.

So Dakota

In orders just issued by Colonel N. L. Cote, Commanding Officer of Sioux Falls, South Dakota, U. S. Army Air Force Radio School of the Technical Training Command, Sgt. Walter M. Mueller, son of Mr. and Mrs. John Mueller, Arlington Heights, was appointed S/Sgt. upon recommendation of military authorities at Sioux Falls. Sgt. Mueller's promotion was based upon his soldierly qualities and attention to duties.

Bank Night

As in the past, last week Park View tavern in Arlington Heights sent another weekly "bank" to an Arlington boy in the armed forces. This "bank" is available to any and everyone's contribution at the tavern. The total amount is distributed weekly.

Last week Pvt. Dale Phillips, stationed at Camp Davis, North Carolina, received \$10. This week the name of Corporal Roger Hertel has been attached to the traveling pay car.

Great Lakes

Now serving with the U. S. Navy is William F. Brechlin Jr., 19, son of Mr. and Mrs. W. F. Brechlin, 201 Rose st., Bensenville, Ill., who was received at Great Lakes and is now undergoing recruit training.

California

Privates Roger Rockenbach, Richard and Riney Schmidt who were among most recent draftees to leave Wheeling are receiving basic training at Camp Roberts, California.

Salt Lake

Corp. Anthony Sciarro, Salt Lake City, received word at eight o'clock Wednesday morning that he had a furlough. Within an hour he was at an airport and by four o'clock that afternoon, he was in Arlington Heights. He was not home sick, oh, no.

Ex-Niles high school principal goes to army air corps

Ralph E. Cotanche, superintendent of the Niles township high school for ten years, has joined the Army at Miami, Florida. Mr. Cotanche headed the Niles school until last Spring when he resigned in order to spend more time on his doctor's degree.

Mr. Cotanche, a veteran of the first World War, has been commissioned a second lieutenant. After the officer's training school session at Miami, he will be permanently stationed at Randolph Field, Texas.

Egypt

A letter received from George "Red" Weisgerber of Arlington Heights by Mar Johnson is presented herewith. Red is in Egypt and wrote this letter August 20. Included in the letter was a bit of Egyptian sand.

August 20, 1942.

EGYPT.

Hello Mar and Everyone:

Greetings from the land of the pyramids and sphinx.

Got here safely and as yet have seen little action.

Saw Africa for the first time when our boat put in at Freetown, on the west coast. We were not allowed to get off the boat but land was sure a welcome sight. I know now I was never cut out to be a sailor. (Censored) stopped at Durban. We got off the boat there and if the sight of land was welcome at Freetown then you can imagine how it was to be back on "terra firma."

Durban is a modern city with street cars, hotels and other modern conveniences. Seems funny to find these things in the Dark Continent.

Had a ride in a rickshaw, pulled by a big black Zulu. Lot of fun.

We are out on the desert. It is hot, but the heat is dry and much more pleasant than the heat of Louisiana.

We have a canteen and theater so we are not so bad off.

You may write to me but follow the address closely. I have already received a letter from my mother, and it sure was swell to hear from some one for the first time since leaving.

The mail service will be good, we are told.

Give my regards to everyone and have them write once in a while.

Always a friend,

George Weisgerber.

P. S. There may be some Egyptian sand in this letter.

S/Sgt. G. C. Weisgerber,

A.P.O. 1227 c-o Postmaster,

New York City, New York.

North Carolina

The address of Staff Sergeant John Ernst, of Arlington Heights, has been changed by just substituting the name of the state, Wilmington, Cal., and Wilmington, N. C., are over 3,000 miles apart, but John found time to stop off a few days to see his mother this week while making the change from Wilmington on the west coast to Wilmington on the east coast.

Staff Sgt. Ernst will spend the following weeks in attendance at a coast artillery school at Camp Davis, where he will learn the latest in anti aircraft gunnery. The sergeant had rather a good time in California. He met Grace Allen, George Burns and other Hollywood stars and visited at Rudy Vallee home, playing ping pong with him.

Jacksonville

Adolph Busse, Jr., Algonquin rd., Arlington Heights, has been assigned to the aviation ordnance school at Jacksonville, Florida. The school includes a six-month course. Mr. Busse has been stationed at Great Lakes and just last week spent a one-day leave at his home. He enlisted in the navy in July.

Iceland

Private Leonard Maloney of Arlington Heights sends word from Iceland. He is stationed with the Service company, 2nd infantry.

Pvt. Maloney sends "hello" to all Arlington Heights friends, and states he feels o. k. He has no use for golf clubs up there, but anyone wishing to write him addres to above organization, A. P. O. No. 5, New York City.

New Caledonia

Corporal Julius Zieske of Arlington Heights has written from New Caledonia. He is stationed with Company K, 132nd Infantry. Though the letter was received just last week, it had been written June 23, apparently swimming the ocean.

Corp. Zieske reports that he enjoys life on the South Sea islands. Grass skirts, apparently, have been traded in, however, for bullet proof vests for the duration.

Scott Field

Fully prepared to take his place among communications experts in the U. S. Army Air forces, Pvt. Stuart J. Page, son of Mr. and Mrs. John L. Page, 624 N. Highland ave., Arlington Heights, has been graduated from Scott Field radio university of the AAF. It was announced today by Col. Wolcott P. Hayes, commanding officer.

At commencement exercises Pvt. Page received his diploma from the Director of Training along with scores of other radio operators and mechanics and will soon be assigned to duty with one of the air forces' tactical units.

Sans Origine

Carl O. Granzin of Arlington Heights has been home on a ten day furlough. Carl is a radio man third class. He left Thursday for an unnamed appointment.

'Fly For Navy' show at Arlington Monday, Sept. 14

Paul Carrol chosen head of district legion

Mr. Paul Carroll, Past Commander of the Merle Guild Post of the American Legion, and always an ardent and loyal worker for the cause, was installed as Senior Vice-Commander of the 9th District of the American Legion on Wednesday evening at LaFollette Park in Chicago.

Mr. Carroll served as Junior Vice Commander for the district last year and in assuming the duties of senior vice-commander will have charge of the 29 Posts in the district, located in the Northwest section of Cook county, comprising a membership of 2400.

Several friends and members of the local Post and Auxiliary attended the installation services.

Mrs. Joseph Wisersky was installed as Chaplain in the 9th District of the American Legion Auxiliary on Thursday evening at the Avondale field house, making her new office a second year on service on the district board.

Homer Byrd to direct show at convention

Next week (Sept. 14 to 19) will be "Beauty Week" in the Chicago area, so proclaimed by Mayor Kelly in recognition of the twenty-third annual convention and exposition of the American Cosmeticians National Association, which opens next Monday (Sept. 14) for a three-day run at the Morrison hotel. Heretofore the assembly has been held at the Sherman hotel.

Homer J. Byrd, of Arlington Heights, for many years superintendent of the Department of Registration and Education, State of Illinois, is the new show director having succeeded the late Miss Frances Martell. He announces that this first show and convention of the association since Pearl Harbor, will be of vital interest to beauticians because they will reveal all that is new and possible under war-time regulations.

Experts will give lessons, lectures and demonstrations on new and latest methods and processes, materials and substitutes in facial beautifications, hairstyling, hand and foot culture, and new preparations in the beauty and cosmetic industry, which still ranks among the first eight in volume of business in the United States.

Beauty shop owners in Cook county will compose the reception committee at the pre-convention "get-together" to be held Sunday evening (Sept. 13), at the Morrison hotel. Mrs. Ellyn Sible Hagood, president of the association, will open the initial session Monday morning (Sept. 14). Ruth Crow, the association secretary, will act as mistress of ceremonies.

Prominent among the experts who will appear is the celebrated Reno of California, master of the art of hairstyling, whose coiffure designs have long been the talk of Hollywood.

Lectures will be given by the beauty specialist, Rudy Hoffman; G. Alexander Ward, distinguished Chicago dermatologist; and a field representative of the Consumers Division of the War Production Board will participate in a round table discussion with leading manufacturers and distributors.

Leading artists of the Chicago Hairstylists Guild will give demonstrations in hairstyling and will have charge of the coiffure designing contest for the Victory trophy on Tuesday (Sept. 15). Style shows in hairstyling will be conducted daily.

Former Arlington major writes from Georgia

Major Dan Schueren, former Arlington Heights resident until "Mein Kampf" came to life, writes this week from Augusta, Georgia. Major Schueren's letter reads, in part, "I am still an interested reader of the Arlington Heights Herald although would prefer reading it in its proper setting - namely, sitting at home in A. H."

New classes for women defense work now forming

Because of the number of applicants a new class in defense work will be organized for women by Poole Engineering and Training School at Arlington Heights. Registration should be made immediately by phoning Arlington Heights 88.

Legion head

Paul Carroll who has been honored by the 9th district of the American Legion by his election to the post of Senior Vice Commander.

Naval air cadet tells of training at Iowa City

Paddock Publications are in receipt of a letter from Cadet Wilbert Gieseke of Arlington Heights, who is stationed at the naval pre-flight training school at Iowa City, Iowa. Cadet Gieseke tells of the advantages offered the youth of today by the naval air training.

Also, this week Mac Says, on the sport page of the Paddock Publications, outlines the athletic program at the Iowa pre-flight school through which Cadet Gieseke must go. Contact sports and competition are stressed.

Sept. 5, 1942.

Hello:

I receive the Arlington Heights Herald here regularly and have noticed the drive for naval air cadets.

I am in my fifth week of training here and like it very much. Tell the boys the training they get here is priceless and they will regret it if they can pass the naval requirements and do not take advantage of this aviation program.

We have our rooms in the dormitory on the campus and the eats are exceptionally good. As in all our armed forces, your fellow cadets are the fightingest bunch in the world with but one goal, "to earn your pair of Navy Wings."

The physical conditioning program is thorough as you probably have heard. The officer coaches are all top notch names from the Big Ten colleges and it is an honor to train under these men. We play almost every sport known and with Lt. Colonel Bernie Bierman formerly of Minnesota University coaching our football team, we expect to see some real ball playing.

So try for it fellows and I hope to see some of you in the new battalions that arrive here every two weeks. Every cadet here hopes for a crack at the Axis and we will put them on their knees.

Yours truly,

Cadet Wilbert H. Gieseke,

U.S.N.A.

6th Battalion, Quadrangle

Dormitory, Room 170-B

United States Naval Pre-

Flight School

Iowa City, Iowa.

Fire and rain, are only obstacles to be overcome say firemen

Arlington Heights firemen are accustomed to fighting the elements and the rain Monday did not dim their ardor. Net profits of the day were cut by the weather, but the firemen had broad smiles for their patrons. "We certainly appreciate the support that was given us by our friends," stated Chief Jahn, Tuesday, when he called at the newspaper office, and asked the Herald to express the department's thanks to the various groups who had aided the firemen by donations and personal assistance.

Special interest was displayed in the water fights each evening. Lake Zurich won the championship, having defeated winners of Saturday and Sunday evening, Vernon, after being twice winner, fell before Lake Zurich the final evening and was awarded second place.

Palatine defeated Barrington and Long Grove defeated Mt. Prospect Saturday evening. Vernon defeated Bensenville, and Lake Zurich defeated Glenview Sunday evening.

Prize winners were:

Louis Reznar, floor lamp.

Mrs. W. Krause, Sr., floor lamp.

Wm. F. Duenn, pull-up chair.

Marion Blume, pull-up chair.

N. C. Barber Shop, end table.

Ruth Stuttmann, sweeper.

R. F. Glueckert, bath scale.

E. Pohlman, Mt. Prospect, cedar chest.

Rich. Speckman, Itasca, center table.

Caroline Horn, end table.

H. Becker, magazine rack.

Lt. Penfield, USN, former mayor of the city of Evanston and one of Northwestern University's All-American football players is slated as the principal speaker at the great patriotic rally to be held at the Arlington Heights township high school auditorium on Monday evening, September 14th.

This meeting is being staged primarily at the instance of the Naval Aviation Cadet Selection Board as an educational portrayal of the thorough training and exceptional war and post-war opportunities of the Naval Aviation Cadets, and is being sponsored by a local committee appointed for the Wheeling Township communities by President Albert W. Goodke of Arlington Heights.

This committee, under the chairmanship of Josephus Wisersky, includes Assistant Fire Chief Fred E. Tesch, Alderman Albert J. Adam, Lions President Carl Ewert, Police Officer Karstens, City Treasurer William Meyer and Mayor Albert W. Goodke. Also

terms state representative from 7th district, is congratulated by County Commissioner William Busse, Republican candidate for president County board, on her appointment as County chairman, Women's Division by G. O. P. county central committee chairman John T. Dempsey. She lives in Winnetka, represents all-suburban district at Springfield.

LAND-BASED AVIATION NEEDED TO WIN THE WAR, SAYS DE SEVERSKY

HOW are we going to win the war?
While there is no question in our minds that we are going to win there is tremendous difference of opinion among the military and naval leaders of how it is to be won.
Probably no authority in recent months has created such a furor as has Major Alexander P. de Seversky in his best-seller, "Victory Through Air Power."
In the September issue of Cosmopolitan Magazine, Major de Seversky again presents his views and charges flatly that "Land-Based Aviation Will Win the War."
Pointing out that Congress has just approved the building of new aircraft carriers, Major de Seversky says, "The aircraft carrier happens to be the most vulnerable vessel afloat. It is doomed as soon as it ventures within the striking radius of land-based aviation."
Continuing, the famous aviator says, "In this war bitter experience has taught us the importance of dispersing airplanes and facilities. We no longer huddle planes and repair shops and supplies in one spot for the convenience of enemy sky raiders. Instead, we scatter them over a large area. But the carrier defies this principle of dispersal. On the contrary, it packs a maximum of aircraft and other equipment in a minimum of space. As a result, it is the answer to a bombardier's dream of a concentrated target."
"If any doubt of the futility of carriers in offensive operations remained, it should have been wiped out by the events of Coral Sea and Midway. Those engagements were played up as 'sea battles' in the official communiqués, but they were nothing of the sort. The naval forces never came into contact. Those were sea battles only in the sense that aviation fought over the sea and that navies provided the targets. 'Practically all the aircraft carriers mixed up in the operations were sunk or crippled. We lost the Lexington and the Japs lost at least four, perhaps five, of their carriers. The tragic helplessness of this sort of vessel—exposed to assault horizontally, above and below—was exhibited as if in a laboratory experiment."
"The fact is that the epoch of naval offensives is ended. War has resolved into a struggle for mastery of the skies. Air power has taken the lead. Surface forces are either reduced to auxiliaries or entirely immobilized until the issue of who controls the air is decided. Until we take this fact to heart, we shall blunder from disaster to disaster. We must recognize that there has been a revolution in war-making due to the advent of the air-weapon. None of our traditional strategy applies, because it was a two-dimensional strategy, whereas air power has yanked warfare into the third dimension."
"We can and we will win this war—provided we face the fact that this is primarily an aerial war and proceed to develop the strategy and the aircraft to win it. In the final analysis, that means long-range, hard-hitting aviation based on land. It means air power capable of carrying an offensive across water directly to the source of the enemy's power—to his home land."
"By reversing the process, by using powerful land-based aviation, we can conceivably reconquer their high seas and retrieve the lost territories, island by island. That, we may judge from the kind of preparations now under way, is what United Nations strategy proposes to do."
"The logic of these elementary truths must be hammered home until our nation realizes that our war effort must be revised, with aviation as its decisive element. Only then will we begin to channel the main part of our national wealth and skills, labor power and materials, to the creation of an irresistible force of land-based air power."
"The waste involved in a construction program on irrelevant types of weapons would not be serious if we could afford it. But we can't. We are reaching the point of industrial saturation when we no longer can indulge in the extravagance of building anything and everything that comes to mind. We must concentrate on the weapons essential for direct offensive. That means, in the first place, long-range, land-based aviation."

Siren fund grows

Arlington Heights siren fund is growing. Acknowledgment is made this week to fourteen additional citizens who have contributed to the cause. The siren is also going upward. The shaft has been completed and the alarm apparatus will soon be in place. It can not be put into operation until an electrical technician can be found to do the installation work. The latest contributors are:

Two Friends, Arlington Heights Vol. Fire Dept., H. J. Thal, Otto Adam, Elroy Winkelman, Warren Fellingham, Fred H. Sieburg, Wilbur Hartmann, Frank E. Jahn, Edwin E. Guenther, Malzahn & Goedke, Albert W. Goedke, H. F. Ackley.

Little Funny Men
The term gargyle is derived from a French word meaning throat, and is applied to the spouts placed on the roof gutters of Gothic buildings for the purpose of carrying rain water from the walls. Gargyles came into use about the end of the Twelfth century and from the Thirteenth to the Sixteenth century they were carved fancifully, terminating in grotesque shapes of animals or human heads.

For Life, Unless
A widow continues to wear the wedding ring during her lifetime unless she becomes engaged to marry a second time. Following the announcement of her engagement, she ceases to wear the first wedding ring.

LIBERTY LIMERICKS

A surgeon named Dr. McGee
Said—"I'll put a part of my fee,
In Bonds for the Nation's
Vast war operations,
To keep this the Land of the Free!"
Buy War Stamps and Bonds regularly. Help your country meet its War Bond quota!

Frankfurter Macaroni Salad
Broadcast by Mary Lee Taylor, Sept. 10

1 1/2 cups frankfurters or 1 1/2 cups hot dogs
2 1/2 cups boiling water
2 1/2 cups tomato sauce
6 frankfurters (1 1/2 lb.)
2 cups grated American cheese
6 onions sliced
1 cup finely cut pickles

Cook macaroni until tender in boiling water and 1 1/2 teaspoons salt. Drain and rinse in cold water. Chop coarsely. Cover frankfurters with boiling water and let stand until needed. Rub with salad oil a mold or bowl holding about 6 cups. Mix together the cheese, milk, dry mustard, remaining 1/2 teaspoon salt and the pepper. Cook over boiling water until cheese melts and sauce is smooth, stirring constantly. Remove from heat and add in macaroni, frankfurters and finely cut pickles. Cut frankfurters in halves, then split lengthwise and arrange, skin side out, against sides of mold. Dice any remaining frankfurters and fold into the macaroni mixture. Press macaroni mixture in prepared mold. Chill thoroughly. Unmold on lettuce if desired. Serves 6.

Arlington Local News

Mrs. D. G. Beatty left Wednesday morning to visit her sister at Des Moines, Iowa.

Mrs. Leonard McDougall and Mrs. Earl McDougall attended the funeral of their father, Sept. 3, at West Brooklyn, Ill.

Mr. and Mrs. Lloyd McDougall and daughter, Nondus, Campton, Ill., visited his parents, Mr. and Mrs. V. J. McDougall, for the past ten days, returning home Monday. While here the relatives celebrated Mr. Lloyd McDougall's birthday, Aug. 30.

Mrs. Chas. Klehm, who accompanied her daughter, Mrs. Chas. Walters and family to Philadelphia, returned home Friday after assisting Mrs. Walters to settle in their new home.

Ed. Geisen and Bill Luettichswager spent Labor day in Minneapolis with Mr. and Mrs. Robert Hansing. They found them well and happy, also have some good fish stories to tell.

Mr. and Mrs. Henry Busse entertained at dinner Sunday, Mr. and Mrs. Chas. Vales, Mr. and Mrs. Ray Kopriwa, and Mrs. Albert Vales, all of Chicago. The latter is the former Miss Opal Price of Dallas, Texas. She is the recent bride of Pvt. Albert Vales, who is now stationed at a camp in New Jersey.

Mrs. Charles A. Rheinstrom, known in Arlington Heights as Marge Gieseke Rheinstrom, made a "flying" trip here Monday from her home in Dock Lane, Great Neck, New York. She spent Tuesday visiting with her parents, Mr. and Mrs. Fred Gieseke on W. Campbell, and with her sisters and

brothers. She returned to her home Wednesday morning by plane. Mrs. Philip Andres, of Chicago, was also a guest Tuesday at the home of Mr. and Mrs. Gieseke.

Mrs. George Pring has been ill the past week.

Miss Rosemary O'Brien from the city spent the week-end with Mrs. Mary Hefferen and Miss Ruth.

Mrs. Barbara Anna, who has been an invalid for some time, has sold her home in N. Highland ave. and gone to the city to be with her daughter.

Mrs. Wm. Wilke spent last Friday in the city with her friend, Mrs. Mable Meaux, who has been bereaved of three members of her family during the past year.

Mrs. Wm. Bauer from the city visited friends in the village last week.

Mr. and Mrs. J. Y. Beatty have gone to Duluth, Minn., to stay during hay fever season.

Mr. and Mrs. W. A. Annen have been visiting her relatives in Minnesota.

Mr. and Mrs. Charles Peters have been enjoying a trip to Niagara Falls, Fort Niagara and other scenic attractions and are having a fine time.

Mrs. Mary Cruickshank has been entertaining her friend, Mrs. Dorene the past week. They enjoy recalling the "good old days" in Chicago, when they lived in the city.

Mr. and Mrs. Carl Simpson, who spent the week-end with their son, Lloyd Simpson, at his home in Glen Ellyn, came Wednesday morning to take Mrs. D. G. Beatty to their home in Des Moines, Ia. Mrs. Beatty and Mrs. Simpson are sisters and other relatives in Iowa will give Mrs. Beatty a happy time while she stays with them.

Harry Jollie, who is in the army, came to town last week for a short visit to those he left behind him when he enlisted. Friends and relatives gave him a hearty welcome and hope that he will come again in the near future.

Douglas Milligan spent Aug. 29 week-end at home. Monday his mother, Mrs. Jas. Milligan and Mrs. D. G. Beatty drove with him to the municipal airport, where he said farewell and with his copilot, sailed into the upper air, winging back to field of service.

Mr. and Mrs. Geo. Orth, Jr., and family spent last week-end at Wisconsin Dells. They enjoyed boat trips and many other attractions despite weather, which had effect of keeping some people from following through, so places were not crowded for those who took the trip.

Good Health is a patriotic measure

by C. W. LUSSMAN
of Sieburg Pharmacy

The essence of patriotism is ruggedness of mind and body the foundation of which is sound health.

Hurt hearts have and are thinning the ranks of patriotic citizens, but authorities say death and invalidism resulting from heart diseases can be cut fifty per cent.

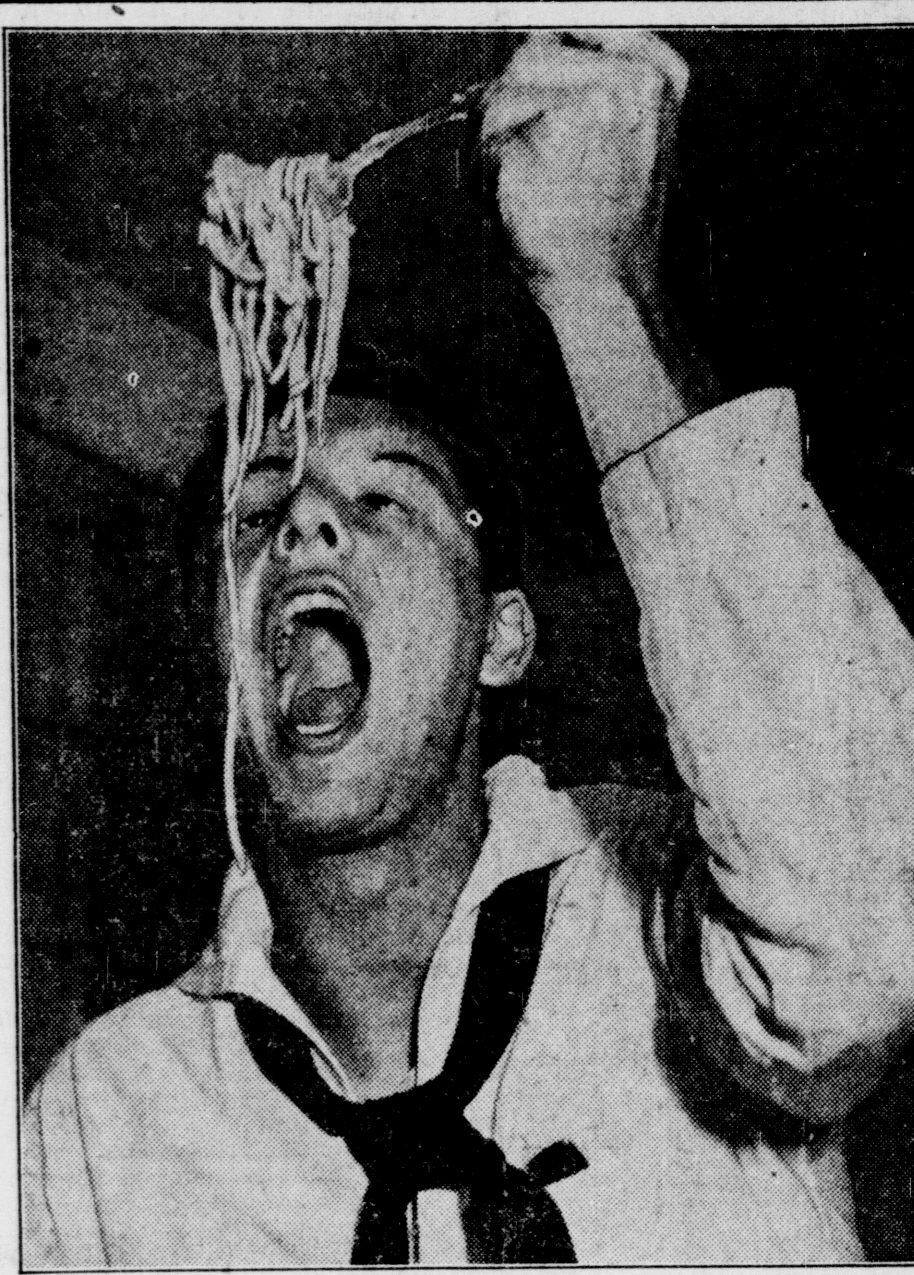

And they explain that heart disease is not hopeless, that even serious cardiac troubles can be managed.

This can be done by accepting a doctor's diagnosis and advice and by implicit obedience to his orders.

Proper medication, provided by a trained druggist, is an important aid.

This is the 204th of a series of editorial advertisements appearing in this paper each week. Copyright

MOUTHFUL FOR USO

Round and round—and in it goes, as Seaman Bernard Schapiro of Endicott, N. Y., gobbles a dish of his favorite spaghetti especially prepared for him at a USO club by some of the 500,000 women volunteers contributing their service to meet the recreational needs of America's fighting men.

V. F. W. Auxiliary at their last regular meeting made plans to visit Elgin and take a treat to comrades in the hospital. They will contribute to Welfare work. Proceeds from their sale of household supplies recently distributed by members.

The organization wish to thank all who bought supplies when solicited for various articles for home use.

Ruth Hefferen, Pres. Aux. V. F. W. Aid Society Presbyterian church will resume Red Cross work Sept. 22, and extend invitation to all interested in the work to meet with them and help the cause. The society are planning and working for affair to be held Nov. 17 and 18, afternoons and evenings. Keep date in mind, you can't afford to miss attending.

NOTICE TO CONTRACTORS

Arlington Heights, Illinois
Sealed proposals for the construction of a well house will be received by the Village of Arlington Heights, Cook County, Illinois, until 8 p. m., Central War Time, September 21, 1942, and at that time publicly opened and read.
The proposed work consists of 6' x 28' masonry building on concrete foundation with wood roof, and is to be erected over the existing Well No. 6 pump.
Plans, Specifications and Proposal forms may be secured from the office of the Village Clerk, or from Consort, Townsend & Quinlan, Village Engineers, 211 W. Wacker Drive, Chicago, upon payment of a deposit of two (\$2.00) dollars. The deposit will be refunded upon return of plans and documents in good order.
All proposals shall be accompanied by a certified check payable to the Treasurer of the Village of Arlington Heights for Ten (10) per cent of the amount of the bid. The successful bidder will be required to furnish a satisfactory performance bond.
The President and Board of Trustees reserve the right to reject any and all bids and to waive technicalities.
By order of the
PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS
FORREST F. DAVIS, Village Clerk
September 11, 1942.

Rifle club news

We had a very fine turn-out at our range last Saturday p. m. About half of our boys showed up for practice. We were well pleased with the increase in attendance, but we hope to see an even greater number of members at the range next Saturday at 4 p. m.

We want to train as many rifle-men as possible so that we will be able to compete with clubs from nearby towns and thus create more interest in rifle shooting not only as a good sport, but also as a necessary National defense measure.

In order that we may do this, the club has arranged with the National Association to obtain ammunition in case lots so that all our men will be assured of enough to take care of their needs.

The club's special committee on obtaining an indoor range in co-operation with our local office of Civilian Defense is exerting every effort to arrange for an indoor range, so we will not be compelled to disband for the winter.

That we are sure of being able to get ammunition, it would be a shame if we could not find a place to carry on our training program through the winter. If any reader knows of any available space, please contact the club's president, Joe Wisersky, or Harry Levine, chairman of the committee.

J. P. Sheridan, Sec.

Civil service examinations

Purchasing officers are being sought by the United States Civil Service Commission for many administrative posts throughout the United States and abroad. Salaries range from \$2,000 to \$4,600 a year. Purchasing officers will prepare specifications for the purchase of government supplies, and invitations to bid, and must keep abreast of current information with respect to market trends, fluctuations, and sources of supply as well as laws and regulations pertaining to Federal procurement.

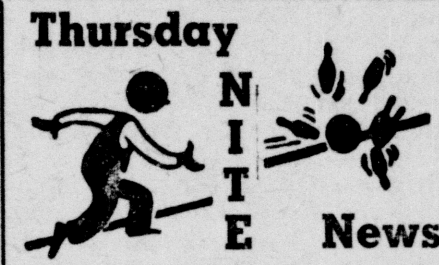

Refuge managers and refuge aids, appointments to be made to the Bureau of Fish and Wildlife, Department of the Interior. Manager positions will pay from \$2,000 to \$2,600 a year; aids will receive from \$1,200 to \$1,440 a year. All openings are in national wildlife refuges scattered throughout the United States.

Employment opportunities in the Field Service, Navy Department, States of Illinois and Wisconsin, for the following positions. Senior inspector, engineering materials (aeronautical), \$2,600 a year.

Inspector, engineering materials (aeronautical), \$2,300 a year. Associate inspector, engineering materials (aeronautical), \$2,000 a year; assistant inspector, engineering materials (aeronautical), \$1,800 a year; junior inspector, engineering materials (aeronautical), \$1,620 a year.

There are no age requirements for this examination.

Smallest State
Rhode Island is the smallest state in the Union.

The Thursday Night League opened on Sept. 3, with a bang. G. F. Bozee cut the maples with 634 to win the Sweeper with W. G. Franke a close second with 619. I. T. Rinker with two "beautiful" strikes on him poled a long one of 266 for high game. Good old "Ally" Askelof shot a 238 to cop second. The rest of the gang can now have an extra week to iron out a few difficulties they encountered.

Twilight Golf final play

The final golf date for Arlington and Mt. Prospect Twilight Golf Leagues will take place on Sunday, September 13, at the Mt. Prospect Country club, after 1:30 p. m.

Each member and alternate, in good standing, of both leagues, is invited to participate in 18 holes of medal play. Make arrangements for starting time with either your league treasurer, secretary, vice president or president.

A general meeting will be held at the club house after this event, at which time an announcement will be made of the schedule for the final banquet party to be held later on in the month.

Rest Home notes

Everyone at the Home was saddened by the passing on Friday morning, Sept. 4, of Dorothy Lambert. Dorothy's failing health during the past few months was evident to all, yet the end came as something of a shock. The youngest member of the Rest Home family, Dorothy had been at the Home two years and seven months the day of her death. Due to the nature of her illness she often taxed to the limit the patience of those responsible for her care. Yet she displayed a degree of genuine refinement and a sympathetic interest in those about her, which will be long remembered at the Home.

That Dorothy's long illness had become a spiritual test to her brave little heart is borne out in her choice of the hymn she often asked to be played on the piano: "Jesus I my cross have taken, all to leave and follow Thee."

Mr. and Mrs. Henry Blume returned last Sunday from a week of vacation with relatives in Minnesota.

Mr. William Harth's relatives visit him frequently at the Home. Saturday morning, Mr. James McConnell, father of Mrs. Marshall Pate of E. Euclid ave., passed away. Mr. McConnell spent several weeks at the Home during the summer and was brought back to the Home by his daughter a few days before his death. It was nice having Mr. McConnell in the Home when he was able to enjoy himself, and also to care for him at the close of his life.

Mrs. Hansen's nephew, Mr. Chas. G. Shirley, and his family, who live on South Mitchell, attended the Shirley family reunion at Des Moines, Iowa, Sunday. There were 57 relatives present to enjoy the happy reunion.

SAFETY TRAINING TEACHER
Joseph E. Brown, E. Euclid, Arlington Heights, will be one of 150 Chicago industrial safety experts who will teach classes in Illinois Institute of Technology's fall industrial safety engineering training program.

Arlington local news

Mrs. C. M. Shaffer and children returned Sunday from a vacation spent in Escanaba, Michigan, where they avoided the high pollen count and hay fever for several weeks.

Mr. and Mrs. Charles Hellman and Mr. and Mrs. Joseph Wisersky celebrated their wedding anniversary on Sunday, when they motored to Starved Rock for the day.

Mrs. W. H. Dick and son, Bud, were dinner guests at the Alfred R. Jasper home on Sunday.

Mrs. W. S. Hubbard of Monmouth, Ill., is a house guest this week in the Willis Hubbard home. Remember the OES card party.

Mr. and Mrs. R. E. Whitelaw and Mr. and Mrs. L. E. Treat of Evanston, Mrs. C. H. Weber and Mr. and Mrs. John Driver of Chicago and Miss Winifred Wensley of the village were Labor Day guests in the home of Mr. and Mrs. Ben K. Babbitt of Sherwood.

Mrs. Howard Wittenberg of Chicago, the former Winifred McElhose, underwent a tonsilectomy at Sherman hospital in Elgin last week.

Mrs. R. H. Doolittle of Denver, Colorado, will spend the duration with her daughter, Mrs. Paul E. Miller, while her son is occupied in defense work.

Mr. and Mrs. Joe Ketterman and family, formerly of Barrington, were guests at the Mrs. Luella Ketterman home recently, en route to a new position in Washington state.

Mr. and Mrs. Marshall Pate and other members of the Pate family attended the funeral of Mrs. Marshall Pate's father, Mr. James McConnell, which was held on Monday in River Grove.

Remember the OES card party.

Mrs. Willard Walters entertained her bridge club on Friday afternoon, at a dessert luncheon honoring Mrs. H. A. Witt. The opening of many gifts for the guest of honor and bridge were the diversions of the afternoon.

Mr. and Mrs. Donald Smith of Detroit were week-end guests in the home of the John Kents.

Mr. Donald Hausam of Los Angeles, California, flew to the village last week to attend the funeral of his mother, Mrs. Jesse Hausam. Private Howard Hausam in the Armed services in Colorado, also attended his mother's funeral.

Mrs. Fayette E. Briggs entertained a former school friend, Miss Metta Randall of Chicago over the week-end.

Mr. Neal Graham returned on Wednesday from the west coast, where he has spent the past three weeks visiting his brother-in-law, Mr. and Mrs. J. W. Garrett at an outdoor dinner at Lake Herrick, near Glen Ellyn.

Miss Annie Lou Giles of Chicago was a Labor Day week-end guest at the home of the Marion Grigsby's. The group motored to Glen Ellyn on Sunday where they were guests of Mr. and Mrs. J. W. Garrett at an outdoor dinner at Lake Herrick, near Glen Ellyn.

Pamela Best, young daughter of Mr. and Mrs. John Best of Milwaukee, Wis., who has been spending the past five weeks with her grandparents, Dr. and Mrs. B. T. Best, returned to her home last week.

Mr. and Mrs. A. D. Hines and family spent Sunday with relatives in Rockford.

Other Heights folk to enjoy the week-end away from home were the August Folkman family, who visited relatives in Wisconsin.

Private Otto Jahrling, who is stationed at Scott Field, Ill., spent the Labor Day week-end with his family in Arlington.

Mr. and Mrs. Noble Stephens of Oak Park were week-end guests in the O. G. Barrett home.

Miss Florence Smith enjoyed the week-end at the home of her brother, Jay Smith, in De Kalb.

Mr. and Mrs. Robert Dibble and family were week-end guests of Rev. and Mrs. Paul Dibble of Aurora.

Mr. and Mrs. Roy Lawbaugh and family returned last week from Sheffield, Iowa, where they enjoyed their vacation visiting with Mrs. Lawbaugh's parents, the W. H. Reynolds. While there the entire family group gathered to celebrate the 50th wedding anniversary of the Reynolds, which occurred on August 29.

Mr. and Mrs. Reuben Middleborn of Chicago spent the week-end at the Arthur McElhose home.

The Presbyterian Ladies Aid Society is announcing a Christmas Gift Sale and Food Sale on the days of November 17 and 18. The society is announcing the date early enough that those who like to purchase hand made articles for Christmas giving may plan accordingly. Details of the affair will be published later.

Attend celebration in Wisconsin

Mrs. Arthur McElhose and Mrs. Allan Schulte returned to Arlington on Tuesday evening from Reedsburg, Wisconsin, where they visited relatives and had the privilege of attending a celebration honoring their Father Rev. Reimer, who on August 30, completed 50 years as a Lutheran Minister. The services honoring Rev. Reimer were held in Tuckertown, Wis., the last active pastorate that the ministry served. Rev. Reimer still keeps an enthusiastic interest in the ministry and continues to serve when and where he is needed.

FASHION PREVIEW

THIS black wool suit with black rayon braid and rayon-velvet frogs, collar and cuffs pictured in the September issue of Good Housekeeping Magazine spells charm. Worn with it is a velvet hat.

District women to meet next Thurs.

The 7th District Illinois Federation of Women's clubs will hold an institute for club-women on September 17 at 1:30 p. m. Jefferson Park Congregational church, Giddings and Long-aves. Dr. Lewis Convis will give the benediction.

Mrs. Burton A. Noyes, president of the district will present Mrs. Richard H. McClure, the institute chairman for the State of Illinois, as the guest speaker.

All district chairmen will hold their own discussion groups, outlining the work in their respective departments. Beside their own program a "War Service" program must be included in the work of the department. Mrs. Noyes has asked the chairmen to keep their objectives few and simple, but attractive enough to make the department interesting. Each chairman is being asked to cooperate with her wishes.

The new officers for the district are:

Mrs. Burton A. Noyes, president.

Mrs. Milton H. G. Meyers, 1st vice president.

Mrs. Osmond Vinje, 2nd vice president.

Mrs. Sidney L. Fahrner, corresponding secretary.

Mrs. Carl P. Moyer, recording secretary.

Mrs. Walter H. Schultz, treasurer.

Mrs. Neal Graham, publicity chairman for the Heights club will attend a district meeting of the 7th district Publicity chairmen on Friday at club headquarters, 30 W. Washington st.

Good As Gold

Years ago George McCaul left Scotland as an impoverished plumber to try his luck in the Australian gold fields. After a try he decided plumbing was a better bet. He returned to his trade here and died recently worth more than \$1,000,000.

American Legion auxiliary notes

Due to the nearness of the National American Legion Convention, the date of the meeting of the 9th District A. L. A. at which the officers for 1943 will be installed, has been advanced to Thursday evening of this week. The meeting will be held at the Avondale Field House. Mae Wiskersky of the local auxiliary is being installed to serve her second year on the 9th district board.

The party to raise funds for hospital work will be held at Legion Hall on the afternoon of Sept. 17th. Those still desiring tickets may procure them from the chairman, Mae Wiskersky, Fanny May, co-chairman or other members of the auxiliary. Tickets are limited in number.

Merle Guild Post and Unit will hold their joint installation on Sat. Sept. 12th in Legion Hall.

That much traveled "man about town", Mr. F. Townsend, who spends his winters in Florida, and his summers in the north woods, and visiting friends and relatives here and there, left Friday for Indianapolis where he will visit friends for several days before returning to the home of his daughter, Mrs. Edward Leicht, Jr.

War Production and Electric Power in Northern Illinois

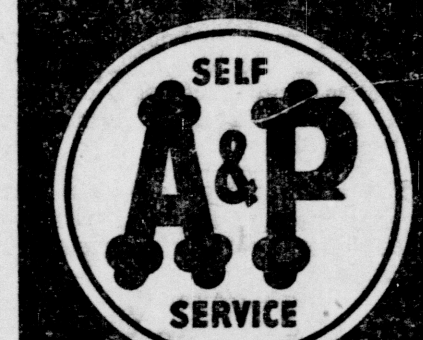

Electric welding, now so widely used in building tanks, ships, planes, and other implements of war, is playing an important part in America's great battle of production. It speeds production of war materials...makes them superior in combat...on the land, on the sea and in the air.

Our first responsibility is to supply a constant flow of power for the thousands of electrical operations in the war production plants of Northern Illinois.

Esther Daggett marries Corporal Elmer Schmitt

Miss Esther Daggett, daughter of Mr. and Mrs. H. A. Daggett, became the bride of Corporal Elmer J. Schmitt, son of Mr. and Mrs. Jacob Schmitt on Saturday evening, Sept. 5.

The young couple said their nuptial vows at 8 p. m. in the home of Rev. W. H. Whipple, with only the immediate families present.

The bride wore for her wedding a street length dress of victory blue with red earth accessories, and her corsage was of talisman roses.

A reception for twenty five close friends and relatives was held at the home of the bride's parents at 213 South Vail st. Immediately following the wedding fall asters decorated the rooms and tables where the buffet supper was served.

The bride and groom are both graduates of the local high school. Esther with the class of '39, and the groom with the class of '38.

The bridegroom is at present taking an eight weeks course at the Savannah Proving ground and upon its completion will return to Will Rogers Field, Oklahoma, where he is stationed.

Esther is well known about town, having served as the Drum Major-ette for the local Drum and Bugle Corps for several years. She is employed by the C. A. Dunham Co. of Chicago and will make her home with her parents in the village for the present. Prior to entering the Army, Corp. Schmitt was employed by the Burroughs Adding Machine Co. of Chicago. Mr. and Mrs. William Schmitt of Aurora were out-of-town guests at the wedding.

Mr. and Mrs. Jake Krause entertained forty relatives of the young couple at a garden party at their home on West Campbell st., on Sunday afternoon, when dinner was served to the guests on the lawn.

Friendly class style show next Tuesday

The Friendly class made plans at their first fall meeting on Tuesday afternoon for a 1:30 dessert luncheon and style show to be held on Wednesday afternoon, Sept. 22, in the Presbyterian Parish hall. The style show will be presented by the Silhouette Shop in the village.

Reservations for the affair may be made by calling the Friendly class president, Mrs. M. A. Hogue, tel. 219-J, or the chairman of the project, Mrs. Claire Engel, tel. 499.

Friends of Mrs. E. H. Crofoot of Orange, California, will be interested to learn that she and her son, Leonard, arrived in the village Thursday night for a number of days. The Crofoots made their home in Arlington Heights for a number of years before moving to California.

Two boys return from Michigan farm to school

Two Arlington Heights boys who returned to school this week — reluctantly — are Jim Barrett and Bob Williams.

Not that all other boys of school age in the village rushed to enter the doors of learning with glad hearts and noble purpose on Tuesday. But Bob and Jim were still having such a good time learning to be full fledged farmers on the Barrett farm near Morenc, Michigan, that Sept. 8, found it harder than usual for them to return.

Leather shoes, school clothes, and the necessity of sitting within four walls to study algebra and geometry did not appeal to the boys who had been spending

Methodist women hear mission secretary

The Woman's Society of the Methodist church met on Tuesday evening in the church parlor, when Miss Grace Mors, Northern District secretary of Mission Education of the Woman's Society for Christian Service told of the mission program of the organization. Members present were surprised to learn that over three fourths of the Methodist Missionaries are still at their regular stations throughout the world, in spite of the war. Miss Mors told of the different organizations, social, medical and educational that are supported by the Rock River Conference, which alone has 23 missionaries serving in all parts of the world.

Following the business meeting and program a committee in charge served refreshments.

Lt. Al Kahling weds Esther Schulenburg

Miss Esther Schulenburg, daughter of Mr. and Mrs. August Schulenburg became the bride of Second Lieutenant, Alvin H. Kahling, son of Mr. John Kahling at Lauton, Oklahoma on Sept. 4. The groom is stationed at Fort Sill, Oklahoma, and for the present the bride will make her home with her parents in the village. She is employed by the Chicago Executive Company of Chicago. Both young people graduated from the local high school and Mr. Kahling attended Concordia College.

Ruth Geisel is married

Miss Ruth Geisel, daughter of Dr. and Mrs. Paul C. Geisel and Mr. Joe Schmidt of Crystal Lake were married on Wednesday, Sept. 2, in Chicago, and are making their home there.

Mr. and Mrs. Geisel held a reception for the young couple on Saturday evening in their home at 710 North Mitchell ave.

Club calendar

Sept. 24 - O. E. S. Stated Meeting Presbyterian Hall, 7:30 P. M.
Sept. 17 - American Legion Card Party - Legion Hall.
Sept. 15 - O. E. S. Card Party Presbyterian Hall - 1:15.

Rain ushers in school books and raincoats

The usual weather has ushered in the first week of September in the usual fashion. Rain and the first week of school. Parents have been kept busy these first hectic days, hunting out rubbers, raincoats, school books, and the usual paraphernalia, to say nothing of serving as chauffeur four times a day for their offspring.

When the excitement of these first busy days has subsided, committee chairman begin to use the telephone and one realizes that fall and its many activities is really here.

Church societies have already met and scheduled various activities for the future, the Parent-Teacher association will hold its first fall meeting next week, as will the local Garden club and others.

The Red Cross groups and other war working organizations who have met all summer will again complete their groups with the return of vacationers, and the village folk will settle down to the business of doing a good job religiously, socially, civily and patriotically.

'Bundles' news

War work goes on among the womenfolk in the village, summer and winter, and when the Bundles for America Unit met on Wednesday morning of this week, it was just another day of planning, knitting and sewing for the Navy and Army.

The members present on Wednesday, were very interested in hearing a letter read by Mrs. Hartford, which she had received from a Navy wife, thanking the group for the lovely layette that she had received from this unit. It had come as a complete surprise to this young navy wife, and was greatly welcomed.

The group here has been and will continue to make four layettes a month to be given to the wives of navy men with new babies, or navy mothers-to-be, who need aid.

Each layette contains two hand knit sweaters, two bonnets, two hand made wrappers, two saques, two hand made dresses, two night gowns and two pair of booties. After hearing directly from one of these needy mothers, the work seems even more important to members of the unit.

Any one in the village interested in sewing on the layettes for the navy wives, can get material and instructions from Mrs. Mundt, who is in charge of this project, tel. 60-M.

Thursday afternoon, Sept. 10, is the date of the formal opening of the Kit Packing Division, which will be located on the 18th floor of the Mather building, 75 E. Wacker Drive. The army and navy kits will be packed at this location.

OES card party September 15

The order of Eastern Star of the village is planning a public card party for the afternoon of September 15th.

Dessert luncheon will be served at 1:15 in the Presbyterian Hall, and tickets are available at 40 cents per person. Door and table prizes will be awarded. Any one desiring tickets may call any officer or the Worthy Matron Mrs. W. H. Dick, Telephone 153.

Several members of the O. E. S. including the Worthy Matron Mrs. W. H. Dick attended the Advanced Officers Night in Park Ridge on Tuesday evening.

Parent-teachers to meet next Tuesday evening

Many newcomers in Arlington

Several new families have moved to the village during the summer months, among them, Mr. and Mrs. Edward C. Moran of 1012 W. Euclid, who were formerly of Kentucky.

Mr. and Mrs. Edward Emam and their family of three children moved here recently from Chicago and are living at 304 W. Northwest Highway.

Mr. and Mrs. Lou Hatter and their seven year old daughter are living at 108 E. Euclid Ave. The Hatters formerly made their home in Texas.

Mr. and Mrs. R. J. Malcom and son Bill of Terrytown, New York have joined the good neighbors of the village and are living at 317 E. Rockwell, in one of the new ranch type homes in the Scarsdale Estates which they have purchased.

Miss Marian Babbitt, the official hostess for the village has called on these new neighbors, has told them of the many activities and advantages to be found here, and has presented them with a book listing the activities of the village, social and civic, tells its history, its form of government, and which contains a professional and a business directory.

Home bureau meets Wednesday

The Arlington Heights Unit of the Home Bureau met on Wednesday evening in the home of Mrs. Charles Stadelman at 503 N. Belmont.

The major project for the evening was presented by the Home Bureau Advisor, Marie Cornelius, who gave a most helpful demonstration and talk on "Spot and Stain Removal."

The minor project for the evening was on Home Recreation and was presented by Mrs. Stadelman.

Garden club to meet Wednesday

The Arlington Heights Garden club will hold its first meeting of the fall season on Wednesday evening, Sept. 16, in the north side school at 8 p. m.

A very interesting program has been planned for the meeting, when a representative of the Ace Tree and Landscape Co. of 179 W. Washington st., Chicago, will be present to talk about things of interest to the gardener in the fall. He will illustrate his talk with colored pictures.

Members of the club are asked to bring to the meeting one or more of their best specimens from their Victory Gardens for exhibition. There will be no competition.

A social hour and refreshments will follow the program and members and friends are urged to attend.

OBITUARIES

Life long resident of Elk Grove dies in 80th year

Mr. Fred Bierman, one of the early pioneers of Elk Grove township, died Thursday at the home of his son, Frank Bierman, Mt. Prospect. The funeral was held Sunday at St. Paul's Lutheran church, of which he was a charter member. Rev. J. E. A. Mueller officiated. The pallbearers were all nephews of the deceased.

Mr. Bierman was born February 6, 1863, on the family homestead, south of Higgins road, which is now a part of Elk Grove Forest Preserve, the residence of which is still standing and is known as the Bierman shelter house. As a boy he attended the Schaumburg Lutheran school. He married Sadie Wilmer June 28, 1888. He took his bride to a farm north of Higgins road, which is now also part of the preserve.

March 8, 1911, the Biermans moved to 117 S. Maple street, Mt. Prospect, from which place he conducted his terming and excavating business. He was very active in the Mt. Prospect Improvement association before the village became incorporated and often would arise early Sunday mornings to plow snow so that residents could get to church. He loved horses and prized his team, which he kept in the pink of condition. Nearing eighty years of age, the local camera club made some fine studies which they called the "Octogenarian."

Mr. and Mrs. Bierman celebrated their 50th wedding anniversary in 1938. They came to live with his son, Frank Bierman, 105 S. Elm street last October.

Surviving are his wife, son and three grandchildren.

CARD OF THANKS

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy, expressed by thoughtful friends. These kindnesses have meant much to us.

LAUTERBURG AND OEHLER
FUNERAL HOME

Alfred Haemker

Alfred Haemker, 39, 403 West Hawthorne, Arlington Heights, died Saturday evening following a heart attack. The funeral held Wednesday afternoon at Lauterburg & Oehler funeral home, was largely attended. Deceased had many friends and a large circle of acquaintances. Interment was in Euclid Lawn cemetery.

There remain his wife, three children, father, John Haemker and a sister, Mrs. Alfred Schoenbeck. Mr. Haemker was born June 27, 1903 in Palatine township. He was baptized in Palatine Lutheran church and confirmed in St. Peter church, Arlington Heights and married Miss Lydia Clausing June 29, 1929.

Mrs. Jesse Hausum

Mrs. Jesse Hausum, nee Emma Meyer, was born in Arlington Heights on April 12, 1880, and spent her entire life in the village.

On July 20, 1905, she was married to Mr. Jesse Hausum. She was a member of the local Presbyterian church and of the Ladies Aid Society of the same church. She died at the St. Frances hospital in Evanston on Sept. 2, 1942.

She is survived by her husband of Arlington Heights; three children, Mrs. Ben Koepfen of the village, Howard who is in the military service; and Donald of Los Angeles. Four brothers also survive the deceased, Henry Meyer of the village, Albert Meyer of Sharon, Wis., and George and Frank Meyer of the village.

Louise Hokemeyer

Louise Hokemeyer, nee Schwerman, was born April 1, 1865, in Hanover, Germany. She came to the United States as a young girl and met the man of her choice and was married to Mr. Christian Hokemeyer. This couple have made their home in and about Lake Zurich and for the past 34 years have made their home in Shepherd, Michigan. Mr. Hokemeyer passed away in 1914.

Mrs. Hokemeyer has been with her daughter, Mrs. Albert Prehm, at Lake Zurich for about the past three weeks where she passed away on Saturday, Sept. 5, at the age of 77 years, 5 months, and 4 days.

She leaves to mourn her departure six children, Mrs. O. Frank of Lake Zurich, Mrs. F. Blau of Lake Zurich, Mrs. Albert Prehm of Lake Zurich, Mrs. Ed. Howe of Grandville, Mich., Mrs. Wright Fouch of Gladwood, Mich., Mr. Albert Hokemeyer of Shepherd, Mich.; four sons-in-law; one daughter-in-law; 21 grandchildren; five great grandchildren; two sisters, Mrs. Geo. Anderson of Chicago and Mrs. John Hendricks of Ringwood, Ill.; one brother, Mr. Henry Schwerman of Hartford, Mich.

Funeral services were held at 1:30 p. m. Monday afternoon, September 7, at Karstens Funeral Home at Arlington Heights. Interment was at Shepherd, Michigan on Tuesday, September 8, 1942.

Many attend rites for Rev. Louis Grotheer

Numerous East Maine folk attended the funeral services for Rev. Louis A. Grotheer, held at 2:30 p. m. Tuesday afternoon in St. John's Lutheran church at Niles.

Rev. Grotheer had been the pastor of St. John's for more than a quarter of a century until his resignation earlier this year. He was 62 years of age at the time of his death on Sept. 4, when he passed away at the home of a daughter in Elkhart, Ind. He was born in Manitowoc, Wisconsin. Deceased is survived by four daughters and one son.

Funeral arrangements were in charge of the Walter Oehler Company of Des Plaines; interment at Niles.

Alfred Krannich

Masonic services conducted by members of Malta Lodge No. 1104, A. F. & A. M. were held Wednesday afternoon at the Oehler funeral chapel, Des Plaines for Alfred Krannich, retired Public Service employee, who died Saturday. Rev. Goebel conducted the funeral. Interment was in Irving Park cemetery.

Ben Morgan Reeves

Ben Morgan Reeves, 1453 Whitcomb ave., Des Plaines, died in a Chicago hospital Sunday afternoon. Funeral services are being conducted Thursday morning at Oehler chapel, Rev. Walter Faust, officiating; interment in Ridgeview. There survive a wife, son, mother, brother and sisters.

The latest four generations of Commissioner Busse family

Just christened has been three week old Frederick Thomas Mosiman, who is held by his great-grandfather, County Commissioner William Busse in front of St. Paul's Lutheran church, Mt. Prospect, long time home of the Busse clan. At the left is Sgt. Frederick Mosiman, who is in the air corps and Mrs. Mosiman, Mr. Busse's granddaughter. Next is Mrs. J. E. A. Mueller, Mr. Busse's daughter and at far right is the Rev. J. E. A. Mueller, grandfather of the child and pastor of the church. Commissioner Busse now has seven children, 23 grandchildren, nine great grandchildren.

With so many great grandchildren, four generations are not unusual in the Busse family. Five of the Commissioner's children are grandparents.

Former Wheeling girl weds Wisconsin man

Miss Fannie Belle Turner, daughter of Mrs. Chester Turner, formerly of Wheeling, and now of Highland Park, became the bride of Lieutenant Lawrence Kenneth MacGregor, son of Mr. and Mrs. E. L. MacGregor, of Appleton, Wisconsin, in a ceremony performed at the Highland Park Presbyterian church Monday, Sept. 7, at 4 o'clock. Officiating pastor was Dr. Louis W. Sherwin, of Highland Park.

The bride was attended by Miss Joann MacGregor of Zion, Ill., a niece of the groom. Best man was Lt. Warren Thornton, of Aberdeen, Md.

The bride wore a white satin gown with a long train, and carried a shower bouquet of white roses. The bridesmaid was dressed in rose pink and carried a spray of rebrum lilies. The flower girls, Marjorie and Marcia Ann MacGregor, were dressed in yellow and blue, and carried baskets of lilies.

The groom and his attendant wore the uniform of the United States Army.

The bride was given away by Harry Hemaras of Chicago, an old friend of the Turner family. The reception followed the ceremony and was held at the bride's home at 618 Homewood ave.

Lt. MacGregor received his commission Saturday following a training course in the Ordnance Officers School at Aberdeen Md. Following the brief five day furlough he will return to Maryland where he will be an instructor at the Aberdeen Proving ground.

The bride will continue making her home with her mother for the present.

No Tin Mined in U. S.

There is no tin of any commercial importance mined in the United States. Since the beginning of statistical compilation in 1902, the tin production has amounted to only about 300 tons, all of which has come from cassiterite in South Dakota.

Community board to meet Tuesday

The annual meeting of the Community Center Board will be held in the school next Tuesday evening, Sept. 15. Organizations which are changing their representative on the board should have both the retiring and the new representative present at this meeting.

All regularly organized groups are entitled to a chair on the community board which supervises the use of the Wheeling Community Hall.

Officers for the 1942-43 term will be selected at this meeting.

Marine Richard Utpadel came from Jacksonville, Florida, to spend a 10-day furlough. Dick arrived on Labor Day and like all the boys in the service, makes a fine appearance in his uniform and is in the best of health. Dick has been attending an aviation school at Jacksonville.

Mr. and Mrs. Edward Wesolek, Sr., enjoyed a week-end trip to Michigan before Mr. Wesolek returned to his work last week.

Donald Bingham is entering Boulder University at Boulder, Colorado this week. Donald is a graduate of Highland Park high school.

The Elmer Fabry family are spending their two week vacation with relatives in and around St. Louis, Missouri.

Miss Lillian Deutschman who graduated from the State Teachers College at DeKalb, in June, is now teaching third grade in Barrington public school.

Sanford Carter returned to his home in Chicago last week after spending several weeks with his grandparents, Mr. and Mrs. Joseph Bellmore.

Girl scouts organize for coming year

Wheeling Troop Girl Scouts will hold their first meeting of the 1942-43 season Monday evening, Sept. 14. The troop meets in the Presbyterian church basement at 7:15 p. m.

All girls 10 years of age and up who are interested in the comradeship of working and playing in the Girl Scout way are invited. The troop at present is composed of both grade and high school patrols and will follow activities of interest to each group. High school Scouts will be encouraged to be better prepared to take their place as true scouts in the time of national emergency.

A group of friends and fellow workers met with Mrs. James Bailey last Friday in celebration of her birthday.

Miss Ingrid Nielsen spent several days of last week with the Charles Raschka family at Wauwatosa, Wis.

Army pastor's family separates

Miss Edna Morrison is making her home with Mr. and Mrs. L. P. Denoyer for the present. Her father, the Rev. D. C. Morrison, is in training for the chaplaincy at Harvard University. Mrs. Morrison has returned to her former position with the Western Union in Chicago, necessarily breaking up their family life temporarily.

Raymond Schmidt and his sister, Betty Jane, returned to their home in Summit after spending their vacation with their aunt, Mrs. Robt. Utpadel. The schools in Summit opened last week, a week earlier than local schools. On Sunday, Mr. and Mrs. R. Utpadel drove to Summit to help Raymond celebrate his birthday.

Mr. and Mrs. Herbert Barrett are making their home with their mother, Mrs. John E. Barrett on Milwaukee ave. for the present.

Elwin Kruse left Sunday for Milledgeville, Ga., where he will continue his studies at the Georgia Military College.

Local persons benefit in \$10,000 Northbrook estate

The will of Henry Berning, of Northbrook, who died June 2, leaving a \$10,000 estate, all in real estate, has been admitted to probate.

He divided his estate into nine parts and left one part to each of his eight children and one part to two grandchildren. The real estate he ordered to be sold as soon as possible to get a good price and the proceeds divided as stated.

Heirs are: Frank J. Berning, Deerfield; Arthur, Edward, and Carl Berning and Cora Schramm, all of Northbrook; Barbara Lundquist; Deerfield; Sophia Berning, Algonquin; Robert Hiebner, grandson, Wheaton; and Marcelle Hoff, granddaughter, Wadsworth. A son, Henry Berning, died. Frank Berning and Cora Schramm were named executors.

DES PLAINES

The estate of Sidney A. Shappi, of Chicago, who died intestate in Moline, Jan. 15, has been opened in Probate court. It is estimated to be worth \$5,000. His heirs are two brothers and a sister. One brother is Emanuel A. Shappi, of Des Plaines.

Armstrong urges 3-A men to apply for officers training

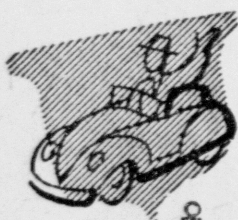

Selective Service registrants of military age who are deferred because of dependency and who have the necessary qualifications should apply at their respective local board offices to become volunteer officer candidates, it was announced this week by Col. Paul G. Armstrong, Illinois Director of Selective Service.

"In the next two or three months," stated Colonel Armstrong, "most of the men who are now classified 3-A will be reclassified to 1-A and be subject to induction. Those among this group who have officer qualifications, by now entering the service as volunteer officer candidates, will not only render immediate service to their Nation, but will also have the opportunity of advancing themselves to commissioned rank."

Colonel Armstrong pointed out that a 3-A registrant who volunteers for officer training may select the arm or service in which he desires to take training for a commission while the ordinary inductees may only state their preference. The Illinois staff head added that any such officer candidate, in the event that he fails to qualify at any step of his training period, may be relieved from active duty and placed in the Enlisted Reserve Corps and that he will not be recalled to active duty until other men with a like dependency status are being inducted for service.

A registrant between the ages of 20 and 44 years, inclusive, who is already in or is entitled to be placed in Class 3-A and who believes he has the necessary officer qualifications, should apply to his own local board for further information. Applications are acted upon in the order in which they are received.

Seek musical instruments for servicemen

Musical instruments of all types, with the exception of pianos and radios, are being sought for the men in camps, posts and stations throughout the Sixth Service Command, according to Colonel Edward Commander.

These instruments will not be used for regular Army bands but are for entertainment purposes only. They will be distributed by Special Services officers, under the direction of Lieutenant Colonel Roscoe R. Snapp in the Sixth Service Command headquarters at Chicago, Illinois. The drive is under the direction of Captain Wayne King, Army Specialist Corps, now assigned as a Special Services officer. Captain King says that every type of musical instrument will be welcomed.

Those who have instruments not being used or in need of repair, which they are willing to donate to the Army for the men in camp to use for their own entertainment, should write to the Special Services Officer, Sixth Service Command, New Post Office Building, Chicago, Illinois. Their offer should include a description of the instrument, its condition and the manufacturer's number. Whenever it is possible, after the Army has accepted an instrument for this purpose, it will inform its former owner of what was done with the instrument and where it is being used.

Sue race track for \$75,000 damages suffered by horse

Mr. and Mrs. Emil Denemark have filed suit in Superior court against the Arlington Park Jockey club for \$75,000 damages for injuries sustained by their valuable racing horse War Minstrel at the park.

They allege that while running in a race July 9, last year he was forced off the track and ran into an iron fence near the track and was badly injured. They allege the fence should not have been there.

Dog show at Deerfield

The Shore Land Kennel Club has announced that it will present its 4th Annual All-Breed Dog Show this year at Harham Farm in Deerfield on Sunday, September 27. Entries close September 20 and blanks can be obtained from Mrs. Bermdalyn Kewley at 210 East Delaware or by calling Superior 1480, Chicago.

This show will be the last chance exhibitors will have to make points on their dogs in the Chicago area this year. Other shows which generally follow Shore Land's have been cancelled because of the war.

Des Plaines uses bomb to summon its firemen

An aerial bomb of the type heretofore used by one and all on the fourth of July will be used as a fire siren by the Des Plaines fire department.

The bomb is set off in a pipe set in the ground outside the fire station. Thus will the volunteer firemen be summoned until a new siren can be secured. The old one is being held for air raids.

Armstrong warns industry to train new men

Colonel Paul G. Armstrong, Illinois Director of Selective Service, today warned employers to cooperate with the Selective Service System or suffer the consequences of a labor shortage.

"The need to produce the implements of War," the State Director said, "is well known to everyone. But, we cannot lose sight of the need for men ... millions of them ... to use these weapons. And before soldiers can use them, they must be trained."

"Through the Selective Service System," Colonel Armstrong continued, "we have deferred those men who are essential to the war production effort. But it must be remembered that according to law, all men 20 to 45 years of age owe military service to the nation and those who have been deferred for occupational reasons have been merely 'loaned' to industry until others could be trained to replace them."

"Some employers have not done their part and seek deferment after deferment for men who could and must be replaced."

"If employers do not cooperate," Colonel Armstrong declared, "industry will be responsible for a colossal failure on the home front, because men physically fit who are of military age will soon be called from the factory to the field of battle."

"I realize," the Colonel continued, "that it will take time to replace some skilled men, but industry ... like the Army ... must speed up that training period. In times of peace, the Army likes to send men to West Point for four years before commissioning them Second Lieutenants, but today many are commissioned as officers with only six months to a year of service."

"Likewise, in our war production jobs, replacements that formerly were trained in three or four years, must now learn the job in months rather than years."

Neighborhood church homecoming party September 13th

The Neighborhood Church serving Northbrook and Glenview, will observe its annual Home-Coming and Sunday School picnic on Sunday Sept. 13th. This church, that has served the neighborhood for nearly a hundred years will give special significance to the evening service. At that time the unveiling of the service flag will take place.

Thirty stars will symbolize the mystic tie that binds the fellowship that is afar, with the Home Church. The unveiling and presentation will be done by the Pres. of the church, E. L. Gries. Lt. Chaplain L. R. Smith of the Glenview branch will participate in the ceremony speaking for the spiritual forces that are serving our boys. Commander Paul Huber of the U. S. Navy will respond for "the boys" in the service.

The Navy Quartette will serve in the ministry of music assisted by the Neighborhood Choir. The pastor of the Church will bring the message of the evening at this service which begins at 7:30 P. M. The Main Home-Coming service will be held at 10:30 A. M. Bus service to and from this service is provided. The Rev. Robert Brodt of Chicago will be the guest minister.

Meals will be served in the Community house to those who make reservations. The afternoon will be spent in picnic fashion with games for young and old on the church premises.

This fellowship of some 700 souls has observed Home-Coming for many a year. Inviting the one time members to come "Home" for this one day. It also served as a rallying service after the "vacation period."

GLENNVIEW DAYS GROSS \$12,000

The annual Glennview Days celebration grossed \$12,000, it was announced last week. This amount established a new record for the celebration. Receipts were \$5,500 on Saturday, and \$7,500 on Sunday.

Carl A. Lindberg, RFD No. 1, Palatine, Ill., transportation to and from train 6 days a week, one new adult bicycle.

Crash pushes car into train
A second car that failed to stop sufficiently for a freight train on River rd. Sunday morning, pushed one vehicle that had halted into the side of the train. The driver was not injured, however.

Frank Prestel, Chicago, had stopped for the train at the Soo line on River rd. near North ave., when the accident occurred. Mrs. Eleanor Meyers failed to stop, striking the Prestel auto and pushing it into the train. The Meyers auto went into the ditch.

HITS BARRICADE ON WAUKEGAN RD.
Irma Gerkem of Chicago struck a road barricade on Waukegan rd., at Shermer avenue Monday night. Both she and a passenger, T. C. Davidson, suffered numerous lacerations.

BUY BONDS

Sue village of Mt. Prospect for no bond payment

In Circuit court suit has been filed by John G. Kuebler, Christ Keller, Sadie Bielefeld, Harry Lessman and Mary Finke, owners of certain Mount Prospect special assessment bonds, against Mount Prospect village.

They allege their bonds are unpaid although money has been collected for their payment. An accounting of bond funds is asked and its proper distribution made on their bonds.

Major league softball world series Sat., Sun.

The championship of the United States Major Softball League will be decided Saturday and Sunday nights, September 12 and 13, in a titular playoff series at Parichy Stadium, Harlem Ave. and Harrison St. The four teams that qualified for the championship playoffs are Fort Wayne, Ind., Kenosha, Wis., Match Corporation of America, representing Chicago and Aurora. These will play two games on Saturday. The third place contest and the championship game will be played Sunday night. All games will be nine innings.

The opening night's battles on Saturday stack up as choice morsels, with Kenosha playing the Match Corporation of America at 8:00, and Fort Wayne meeting Aurora at 9:15. On Sunday, the two losers the night before clash at 8:00 in third place honors. The Saturday winners meet for the league title and the championship trophy, at 9:15 Sunday night.

PATENT GRANTED

A patent has just been granted to Walter J. Zenner, of Des Plaines, for an improvement to printing telegraph apparatus. He has assigned it to the Teletype Corporation.

Des Plaines wonders about waterless days

The city council and water committee of Des Plaines has set before themselves the task of what to do about a precarious water supply. Mayor Garland called together various officials and demanded some sort of action.

The facts present themselves thusly; an auxiliary well, used in the past, is practically useless, due to worn-out machinery and lack of replacements. Also, a worn-out well. This leaves the entire supply being drawn from the one remaining city well.

New residents are expected in the near future, workers for the new Douglas aircraft plant being constructed south of the city.

Possible solutions are: dig a new well, with its accompanying 40 or 50 thousand dollar cost and questionable results. Another is to tap onto Chicago's supply for emergency use. Territory east of the high school is available for storage purposes, connections for which would run about \$12,000.

Mayor Garland stated that with the increasing hardships of getting priorities and equipment, some definite action should be taken in the immediate future.

Lives after falling on third rail

John Seeley, 8127 Keating ave., Skokie, owes his life today to the quick thinking of two fellow employees of the elevated lines. Seeley, a switchman at the elevated terminal at Linden ave., and 4th st., in Wilmette slipped and fell on the third rail during a rainstorm.

Fortunately, the motorman of an approaching train saw him fall and shouted to the dispatcher to turn off the power which is supplied to the third rail to run the trains.

The dispatcher cut the switch. Seeley was lifted from the rail and taken to St. Francis hospital, where it was said he was seriously, but not fatally burned.

Arlington man in send-off party for U. of I. hospital unit

Huga J. Thal, 635 North Chestnut, Arlington Heights, will play a prominent part in the University of Illinois Evacuation Hospital Unit benefit to be held at 8 p. m. on the night of September 22, at the Chicago Illini Union Building on the campus of the Chicago Colleges of the University, 715 South Wood street.

The benefit will be in the nature of a send-off party for the Unit which will go into training in October as a front line hospital.

The University of Illinois Evacuation hospital -- officially known as the 27th Evacuation Hospital of the United States Army -- will be a 750 bed mobile unit, the largest type military hospital in existence. This can be enlarged to 1,500 beds. Dr. Charles R. Puestow, professor of surgery in the University's College of Medicine, is Lieutenant Colonel in charge of the unit. Personnel of the unit comprises 417 doctors, nurses, internes, administrative and technical staffs, the bulk of which are University alumni.

All alumni of the University are invited to attend the party.

Sandman parades along Milwaukee av. three cars collide

The old faithful sandman was responsible last week-end for two separate accidents along Milwaukee ave., involving three vehicles. Sunday afternoon John Owens, Chicago, fell asleep while driving south on Milwaukee ave. and ran into the ditch. The car turned over as it struck the ditch. Owens was unhurt.

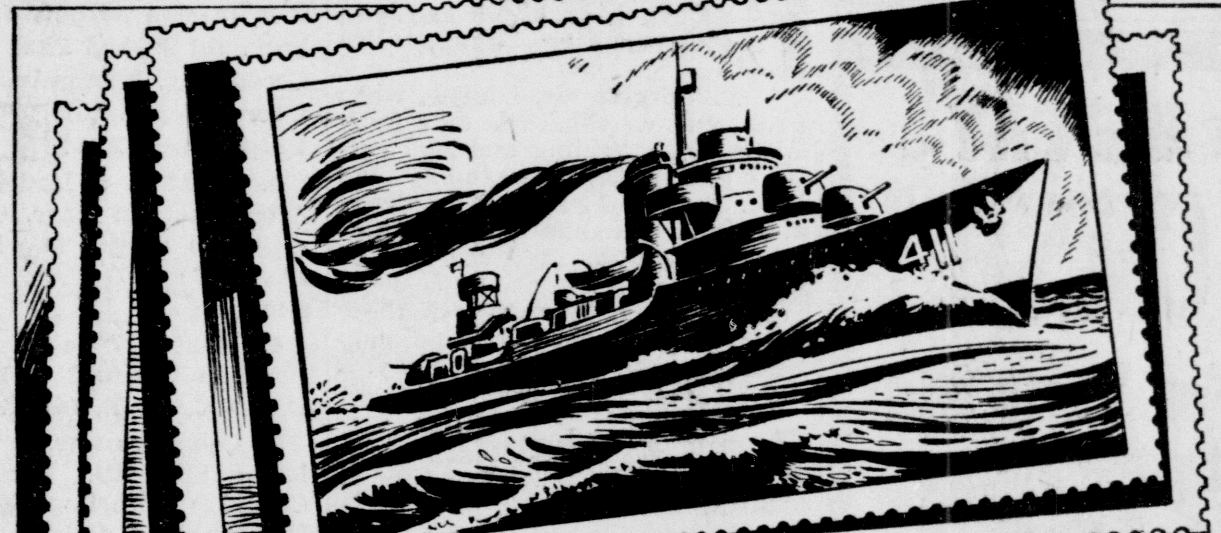

Monday afternoon about 5, Joe Fetak, Chicago, ran into the north bound car of Fred Jensen, Chicago, at Palatine and Milwaukee rds. Fetak admitted that "I must have fallen asleep." No one was injured.

LIFE WITH MOTHER

Dear Eleanor:

Now, what woman wouldn't be happy after receiving such a letter as the one you sent me last week? Having my oldest friend tell me that she thinks my four boys are the "tops" and that she loves them very much indeed, was as good a tonic for my jaded spirit as a bottle full of vitamin capsules! (Wasn't sure about that word "jaded," so looked it up in Webster.) Here is the definition: "Jade (jad) n. a tired or worn out horse; a vicious woman; a young woman; a silicate of magnesia and lime of green color." Take your pick, darling. Where would you say, I fit in?

It must be that it is the end of summer vacation, (the children's, not mine) or maybe the great amount of canning I've been doing, or perhaps, I needed the "lift" that only new fall clothes can give a woman. Whatever was the reason, I'd been feeling lower than a caterpillar when your cheery letter came along. Then, shortly after, the new clothes followed. At any rate, I'm feeling as gay as any debutante today, as I begin my answer to you.

I'm taking it for granted when I assume you will want to hear about the clothes. What woman doesn't?

No, I didn't buy a new dress. I merely had two wool dresses, one a soft green jersey, the other a black, (last year's) renovated and cleaned. They look ALMOST new and I'm quite pleased with them. I did, however, purchase a NEW coat... a startling red plaid, with a reversible water resistant lining. And... a new hat! Tell me, is there anything in this wide world that can keep up a woman's morale as well as a NEW HAT? This little number is black felt with a gay red feather. And... I love it! I shortened an old lilly green wool skirt, had it cleaned and bought a bright red, button down the front, wool sweater to go with it. Low heeled brown oxfords with cotton hose and beige cotton gloves and there I am. And there, I'll be, methinks, for the duration of the winter... if not for the war. Heaven forbid!

Mentioning the war, reminds me that Rob and I went over to Elgin to see the movie, "Mrs. Miniver." It was a case of either going in town to the United Artists Theatre, or to Elgin, or wait for weeks for the picture to be shown in the nearby villages. Having read the book, we were extremely anxious to see the cinema. (Think nothing of it. You see, I've been temporarily influenced by the speech of the English actors.)

We were slightly disappointed in the movie version, though, mind you, I say "slightly." If you are interested in seeing how middle class Britain is taking this war, by all means do try to see it. The critics are giving it a 4 star rating and calling it the best picture ever produced. We don't happen to agree with the latter statement. (It couldn't be that all the critics are wrong and we are right, could it?) Have you ever noticed that some books, plays, as well as music, though they be only mediocre

material go over in a big way, simply because they happen to be timely. Well, "Mrs. Miniver" is... timely. For my taste, give me the Greer Garson and Walter Pidgeon of "Blossoms in the Dust" and I'll be willing to sit through a double feature to see them, though I firmly believe "double features," a modern age infirmity!

Did I ever tell you that I have been keeping a day-by-day Garden Diary? Janice gave me this little book as a present last Christmas. At the top of each page there is a note on garden helps and hints. At the beginning of each month, there is a short verse pertaining to or about gardens and garden attitudes. I've enjoyed it immensely and have actually kept writing in it faithfully. This following advice appears at the top of today's sheet:

"Have patience. We Americans want things just right and in a hurry. That is not nature's way. Unless our means are abundant, we are forced to depend upon nature's good graces to produce desired results. Perhaps this new great garden movement will help teach us to be patient. For the true gardener, there is always another year."

So, I am reminded that I must not question Rob again about when he intends to finish the flagstone walk. Though, you must know by now, that that subject is beginning to be a thorn in SOMEONE'S side. There is also the small matter of hauling some black soil for continuing the rock garden I started this spring. The plants that were so insignificant at that time have tripled in size and are more than ready to be divided and set in other spots.

Who said that life on a farm is dull and monotonous? Witness the following tabulation of this week's episodes. In the vegetable garden we found cantaloupe deliciously ripe and some the size of small watermelon. Cucumbers coming in to the kitchen in bushel baskets to be disguised under the new name of bread-and-butter pickles. Tomatoes, green peppers, parsley, onions, carrots, to be cooked together, strained and later called "vitamin juice." Potatoes in gunny sacks, enough to feed the family all winter. And, corn, yellow bantam, to be served on the cob, hot and dripping with butter, and still enough left to make corn relish later on. As for the pets, we have a new Bantam hen with her brood of eight two day old babies, to feed, water and keep warm. A baby squab to watch and protect, for he is minus one eye... it was injured or perhaps plucked out by some angry enemy. MacDuff to keep well and happy, (he has lately turned the "green eye" on us, and it's all on account of the twin kittens, who are no longer contented to stay in the barn, and must needs lie under our feet on the porch steps.) And... Daisy June! Ah, me!... I am a Lady-in-waiting, as Walter Winchell would probably say. So, we pamper and love her to death... almost. If she were really to die, there would be many long faces here on the hill. Jack is giving her extra care, more hay and corn rations, and an exceptionally comfy straw bed. "Infantipating," though it be only a calf, can be a most exciting thing, we've found.

You'll forgive me, I know, when I say that we think life on a farm is the most thrilling and soul satisfying experience a family can have. It pays the highest dividends in good, wholesome labor, the finest of relaxation, and the best of health.

With much love to all those "nice people" who live at Shady Rest—

Gems of thought

PREPARATION

It is impossible you should take true rest but by the fair weather that you make yourself; it is needful that you frame the season for your own harvest.

—Shakespeare.

What stubbing, plowing, digging, and harrowing is to the land, that thinking, reflecting, examining is to the mind.

—George Berkeley.

Get away from the crowd when you can. Keep yourself to yourself, if only for a few hours daily.

—Arthur Brisbane.

One's first lesson is to learn one's self; having done this, one will naturally, through grace from God, forgive his brother and love his enemies.

—Mary Baker Eddy.

Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth.

—II Timothy 2:15.

Joy does not happen. It is the inevitable result of certain lines followed and laws obeyed, and so a matter of character.

—M. B. Babcock.

It's the law

GOOD GOVERNMENT INSURANCE

Early in 1940 an Illinois grand jury returned an indictment against a township relief supervisor on a charge of falsifying an entry of \$410 for alleged medical expenses. Specifically, the true bill charged that unlawful payments in the amount mentioned had been made to two physicians. Because the funds involved came from the Illinois Emergency Relief Commission, the state assigned an assistant attorney general to aid the county attorney in prosecuting the case.

In reporting the case, the Illinois Editor said it had been advised that "the last time this supervisor's statement was published (at least in the daily paper there), was in 1937 and he used only the aggregate figures then." Without attempting to pass judgment on the case then pending, the trade paper pointed out that "No auditing firm can weigh the wisdom of township expenditures as can taxpayers as individuals and in the aggregate," and "No one has more right to examine expenditures than the taxpayers..."

The local newspaper of general circulation lends itself admirably for the purpose of the Public Notice, but it is particularly effective for the publication of fiscal reports required by law. It is a provision where the law specifies or permits that such reports shall be published in qualified newspapers. It not only insures periodical and adequate publicity but is often good insurance against slipshod methods of handling public funds and a deterrent against actual wrong doing. (Copyright, 1941, by J. E. Pollard)

● The eyes have it! So eye these seven questions, adjust your spectacles and take a try at today's Guess Again Quiz.

1. A person suffering from myopia usually (a) doesn't eat or sleep well, (b) gets a pair of glasses, (c) has an operation on the spine, (d) gets fitted for a wig.

2. He holds a position in ecclesiastical circles, but do you know whether it is (a) the Archbishop of Canterbury, (b) Bishop Paul P. Rhode of Green Bay, Wisconsin, (c) Rev. C. Warren Jones, (d) Pope Pius XII?

3. What is a leatherneck? (a) A broken-down mare, (b) a type of whip, (c) a style in women's jackets, (d) a marine.

4. What vitamin is known as the sunshine vitamin? (a) A, (b) B, (c) C, (d) D.

5. Columbus was an Italian, Balboa a Spaniard. What was John Cabot? (a) An Englishman, (b) an Italian, (c) a Portuguese, (d) a Frenchman.

6. What historical event was traditionally precipitated by Mrs. O'Leary's cow? (a) The Battle of Gettysburg, (b) the first Olympic games, (c) the Chicago fire, (d) the Army-Navy games.

7. Which of the following South American countries is the largest? (a) Brazil, (b) Argentina, (c) Chile, (d) Bolivia.

ANSWERS AND YOUR RATING WILL BE FOUND ON THE CLASSIFIED PAGE.

Also Run Homes

In three villages of Old Castile, La Provada, Barrio Martin and Argujio, there are now no men. Women run the villages and do all the work. The men, as they do every year in November, are driving their sheep to Andalusia and Extremadura in southern Spain, where there are winter pastures. In the spring the herds will be driven back, and the men will be home again.

GRATIFIED

It has been gratifying to have so many questions raised about the whereabouts of our weekly column these past two weeks, so before a new reporter has been appointed, there's not much else to do but fill in these few lines. We surely do appreciate your interest and hope that it continues to such an extent that you will contribute faithfully to the next reporter.

SCHOOL DAYS

Of course you all know that Dorothy Machel, Al Remus, Roger Fricke, Harold Nebel, Orland Brockman, and Rolly Busse are all enrolled at Valpo for their freshman year. They were all at home over the past holiday week-end and already are excited about their college days. Bill Beile, former Junior Zone President, has gone down for his freshman year at Illinois. But we not only have our members going away to learn at school, but we have some going away to teach school. Kari Gandt, River Forest Senior President, has accepted a position near Detroit; Eugene Bunker has been installed at the Arlington Lutheran school and will conduct the Junior Bible Class as well as being an active member in the seniors. Lois Bokelman, Arlington's secretary, is taking a course at the I. B. M. school. We wish them all the best of luck.

"ANCHORS AWAY"

That was the theme song at the Streit household last Tuesday night when his many friends gathered there to bid Art a fond farewell. He left Tuesday for Annapolis where he will go in training for an ensign's commission. We wish him the best of luck, also, and God's blessings in his new field. And we thank him for his fine work as zone vice president and president.

JUNIORS SHAME SENIORS

At the recent board meeting held at Niles the members present were 2 to 1 juniors. In accordance with a resolution passed several months ago, the junior zone board will meet with the seniors and devote extra time to any other business pertinent only to the juniors. Only one junior society president was missing (how many seniors?) so with that full representation they met and appointed a person to assist the senior appointee in each position. We are sorry we can't give you the full roster but it isn't quite complete as yet. The seniors, too, accomplished quite a lot, and from the looks of things, the coming season should be a mighty busy one.

ARE YOU GOING?

But of course you are. Yes, to the Dedication banquet at the Hotel Knickerbocker on September 19, preceded by a Dedication Rally at the same hotel beginning at 8:30 with matins. The program for both events should prove very interesting so try to attend. Reservations for the banquet are going fast and after the capacity 850 are in no more will be accepted. If you find it impossible to do down on Saturday, at least try to be at the Dedication Ceremony on the Valparaiso University grounds adjoining our new building at 875 Dearborn Parkway, beginning at 3:00 p. m.

Louis Witt has rented the H. F. Liechardt farm at \$5.50 an acre, new working for Herman Winkelhake, then he'll sail to Germany and choose a frau.

Mt. Prospect

A. H. Sporleder and family spent a few days in Decatur and Springfield.

Mrs. Oehlerking, who left for Germany early in May, is expected home most any day.

Suggested meat ration above foreign quota

400-man planes proposed; release 50,000 refrigerators

Striking a blow for the millions that man the Home Front, the Office of Price Administration launched a nationwide drive last week against meat packers who violate price schedules by "upgrading" cuts and carcasses of beef.

With a substantial proportion of the nation's meat supply going to feed the fighting forces and sustaining the United Nations through lend-lease, families on the Home Front are preparing to substitute nourishing but cheaper cuts on their tables. Thru the OPA's recent action, however, they are assured that the grade of meat they pay for will be the grade of meat they get.

Nine Illinois packers named in the injunction proceedings — including Swift, Armour, and Wilson — were charged with selling beef to wholesalers at a grade higher than the actual beef delivered. The upgrading ranged mainly from one to three cents per pound, but in some cases were found to exceed the ceiling as high as seven cents a pound, OPA charged.

However, with the heavy demand put upon the nation's supply, meat is an item that will appear less frequently on American tables during the coming year. The amount proposed for average consumption — 2½ pounds per person a week —

is about the amount consumed for the past 10 years and well above the one pound a week that the Englishman gets, the 12 ounces per week allotted Germans, or the 5 ounces available for half-starved Belgians. The present total meat supply is the largest on record, but because of the needs of our fighting forces we will run 3 billion pounds short of being able to give the folks at home all the meat they might want.

Fats and greases

Illinois housewives were assigned a waste fat collection quota of 2,670,000 pounds a month as War Production Board conservation division officials called upon every state and city in the nation to do its full share in the nationwide drive for a half billion pounds a year. This figure includes the quota for Chicago which amounts to 1,274,000 pounds a month, as city dwellers are expected to furnish more of the waste fats needed for war use than are country residents who adapt some fats for farm needs.

'Missing in action'

Messages from relatives and friends to members of the armed forces missing in action but not yet reported by the Japanese as prisoners of war, will be sent by the Red Cross under a new message form. These messages will be sent to the delegate of the International Red Cross committee in Japan, who will make every effort to see that they are delivered. The new arrangement does not apply to packages.

Zoot suits

Jitterbugs will soon have to jettison something else than the accustomed attire of "zoot suits with the drape shape" and "juke coats."

when the War Production Board takes action against all manufacturers found violating the men's and women's clothing simplification orders in these suits and coats. The "zoot suit" features a coat which comes down almost to the knee and trousers that have a high rise and are full at the knees. A "juke coat" is a very long jacket. Both style-crazes fall outside of limitations in the clothing orders.

Whiskey

All of the nation's 128 distilleries will be converted to production of war alcohol by November 1, it was announced by the War Production Board. The conversion from peacetime production of whiskey, gin and other beverage spirits will be accomplished as soon as possible to fill the demand for 476,000,000 gallons of war alcohol next year, it was stated. The estimated amount to be obtained from all grain sources is 240,000,000 gallons.

400 man planes

Recently, the American Academy of Public Affairs of Los Angeles conferred upon Major Reuben Holis Fleet the Award of Merit for most distinguished and meritorious service in the design and construction of military and naval airplanes vital to war and defense. Major Fleet was the founder of the Consolidated Aircraft Corporation which now builds the celebrated Liberator Bomber and the PBY Navy Flying Boat.

Recently Major Fleet stated that in addition to the present plane production program, 4-motored transport planes can be constructed which in addition to the crew could carry 400 soldiers per plane and made an Atlantic hop in approximately 12 hours. Very modestly, Major Fleet says, "I propose nothing more spectacular than building and employing airplanes five times the capacity of anything in the war today."

Lend-lease

Reciprocal lend-lease aid to the U. S. already covers a range as wide as the requirements and geography of a global war, and is being provided to this country on the same basis as we are providing lend-lease help to other countries, the Office of War Information reported. Such aid is being provided without dollar payment under the terms of master agreements with countries receiving U. S. lend-lease help.

Reciprocal lend-lease aid "for American forces abroad... ranges from squadrons of spitfires to new fan belts for Army trucks — from building airbases and naval bases to 'D' ration chocolate bars and bananas at the soldiers' mess from convoy protection for U. S. troopships arriving in British waters to filling the gas tanks of U. S. ferry planes at airports newly laid out in jungles or deserts," the OWI said.

Ship building

Navy Secretary Knox said the submarine menace "is not by any means solved," but there has been a "steady deminution of ships sunk off our own shores."

A shipbuilding compilation for Labor Day showed 174 launchings and 49 keel layings during the day for many kinds and sizes of combat and cargo ships. The Maritime Commission reported 68 vessels were put into service in August and there is "every indication" the goal of three completed ships a day will be reached in September.

The War Production Board has dealt another blow to those of us who hoped to make a little addition to our living quarters this year. Effective now, the government officials placed a limit of \$200 on the amount of residential construction involving a change of design which can be carried through without specific authorization from that war agency. War housing is not affected by the order, but almost every other kind of building is.

Previously, new construction valued at \$500 or less could be erected without approval. Theoretically, there is no limit on repair work under this revised order, but the list of items excluded from the repair category is so all-encompassing that most restoration or reconstruction work might just as well be given up for the duration.

Highways

The Alaskan Highway is being built at top speed and more than 60 American and Canadian contractors are now engaged on this project.

The Trans-American Highway, which when completed will make it possible to take a pleasant motor car journey from the Texas border to the Panama Canal is being completed as rapidly as facilities and manpower will permit. The work is under the jurisdiction of the Office of U. S. Engineers, War Department, Los Angeles, California.

Total appropriations and authorizations enacted by the present Congress from January 1, 1942 to June 30, 1942, will exceed the sum of 150 billion dollars.

Total number of Federal employees in 1930 was 560,456; total number as of June 30, 1942, was 2,060,000.

War Costs

Comparative War costs are interesting. The Revolutionary War cost one-half billion, the Civil War cost 15 billion, the Spanish American War 2 billion, and the 1st World War 41 billion. Total appropriations and authorizations to date for the present conflict will aggregate more than 205 billion.

The rubber used in so infinitesimal an item as the erasers on pencils for the year 1941 would produce 200,000 gas masks.

The aluminum used in the manufacture of one small pursuit plane would make 2700 average-sized pots and pans.

The lead which goes into the batteries for submarine would be sufficient to produce 4600 automobile batteries.

The gasoline which is lost when a single tanker-vessel is torpedoed would enable 13,000 cars to drive from New York to San Francisco.

Refrigerators

The War Production Board released 50,000 of the refrigerators which have been frozen in the hands of dealers and distributors since February 14 for sale to the general public after finding that they were not needed for "essential" purposes. Another 50,000 will be released by authorization of WPB for delivery to dealers and transfer to ultimate consumers.

Flying ice man

An electronic device that weighs less than five pounds is going to make all-weather flying a lot simpler and safer. This latest product of industry's inventive genius is the "Ice Indicator," announced by the Minneapolis-Honeywell Regulator Company, leader in development of automatic controls, and rushed to completion for the use of the United Nations air forces.

"It is possible that before long most large Allied bombers and cargo carrying planes will be equipped with this newest development," said H. W. Sweatt, president of the company, in revealing the details of the important new flying aid. "While most large planes are equipped with de-icers, the problem in the past has been to know when to start them operating. The new Ice Indicator records the thickness and rate of accumulation of ice on plane surfaces. For the first time, de-icing equipment can be turned on at the exact moment it becomes most efficient."

The Ice Indicator does three things; it tells when ice begins to form; it measures the thickness of the ice; and it can operate the de-icers automatically.

Many new features in Ringling circus

The Ringling Bros. and Barnum & Bailey Circus will exhibit in Chicago Lake Front, 14 days commencing Monday, September 14, with the most sensational performance in the history of this most sensational organization.

The Big Show offers a magnificent new super-spectacle, "Holidays," created by Norman Bel Geddes. It employs 2000 people, and cost over \$100,000.

Other featured productions are: "The Ballet of the Elephants," directed by George Balanchine and scored by Igor Stravinsky; "Fiesta del Torres," a colorful pre-bullfight ceremonial, produced by John Murray Anderson; a new aerial ballet, starring Elly Ardelt, and a new Grand Finale, a stirring, patriotic surprise.

Alfred Court will present simultaneously three new mixed groups of performing wild animals, featuring his new revolving treadmill tigers.

There are 800 world renowned artists in the performances, among them the champion high wire Walendas; Roberto de Vasconcellos, king of horsemen; the Cristiana family of bareback riding stars; the three Flying Concellos troupes; the De Ocas, aerial thrillers; the three Fernandez troupes, aerial marvels; Truzzi, juggling wonder; La Louisa, flying trap-eze star; the Pilades, acrobatic troupe; and almost countless others.

Gaares win Arlington softball title 5-1

by GERALD A. MC ELROY

The physical education programs in the high schools and universities is in for a reorganization and change of emphasis this year. The emphasis is shifting from activities of a recreational type to those which will give the individual strength endurance, and agility. The style in physical education is being set by the naval preflight

schools at the University of Iowa, University of North Carolina, University of Georgia, and St. Mary's in California. Most of the educational institutions will be following the program of these schools as far as possible.

Strenuous Sports Program

The navy pre-flight schools stress contact sports and those

Take third championship in a row

Gaare's Studebaker team won their third consecutive title in the Arlington Softball League by defeating CYO 5-1 at Recreation Park Sunday afternoon. Manager Frank Szasz led his team's offense as he scored three runs on a single and two walks. Six hits and eight walks for CYO who collected only three safe blows with a pair of walks tossed in.

The Studebakers, with one out in the first inning, drove out three singles in a row, half of their evening's total, for two runs. They added another marker in the third on three walks and a fly-ball to deep center. It was Szasz who scored on Fred Kehe's out to Vetter.

CYO Scores

CYO scored in the fourth. Mayercik got his first hit of the series and L. Brodnan walked with none out. H. Becker lifted a pop-fly to short center. L. K. Brodnan lifted another to Scholow in right who threw to F. Kehe at third base, but the ball got away and Mayercik came on in. Kehe threw out Bodor to end the inning. CYO hitters were retired in order through the remaining three innings.

Gaare scored two more runs in the fifth. Szasz walked to open the inning. Garms tripled for his fifth consecutive hit in the series. After Tossman walked, Wiese forced him, Garms scoring. That ended the Gaare offense for the season.

Gaare's won the season's title in two games, taking the first encounter 11-1. CYO failed to dent the Gaare pitching for more than three hits in either game. The hitting by the Studebakers gave them a big edge in both contests.

Garms Stars
Mel Garms, who played third base most of the season but took over the catching chores in the middle of the second round, was the batting star of the finals. He came to the plate seven times in the two games, walked twice, made two singles, two doubles, and one triple for a perfect record. In addition he caught a fine game being charged with one error when a wild pitch was swung at for a third strike but was out of his reach, enabling the runner to reach first.

Paul Tossman, with three hits in four official trips to the plate, plus three walks, was almost as effective. Frank Szasz had another perfect record with a single and two walks in the one game which he played.

CYO had the misfortune of losing one of their top players after the first game when Bob Firnbach was rushed to the hospital for an appendectomy. L. Brodnan also had to leave their line-up early in the first game and was able only to hobble through the second contest because of a sprained ankle. Manager Frank Szasz of Gaare's agreed to permit CYO to add Geo. Thompson and Herman Becker of Rudy's team to their line-up for the second game. Both played first class ball for their adopted team.

Another season of play in the league has ended. Trophies will be presented, according to present plans, at a dinner to be put on soon for sponsors, players, and their friends.

Statistics on Boys
At Pre-Flight School
A few statistics about the boys who attend the pre-flight schools might be interesting to note. Of the first 920 at the Iowa school the average age was 22, height five feet nine, and weight 156 pounds. Not big men by any means. Of this group of course all were high school graduates but 10.4% had one year of college, 31.5% had two years, 16.6% had 3 years, 25% were college graduates and only 15.5% were high school graduates only. In high school 57% had won athletic letters and only 14% had no athletic training. In college 24.6% won athletic letters and 24.5% did not take any part in sports.

Men Are Given Entrance Tests
The first tests given the boys at the pre-flight schools consisted of four events. Push ups from a position lying flat on the floor showed an average of 17.76 per man. The average for chinning was 5.34 times. Another test called the sergeant jump (they stand close to a wall and jump) showed an average of 19 inches. The fourth test was a run over an M shaped course of 140 yards containing hurdles, a wall to scale, stake dodging, and other obstacles which would test agility and speed.

N. E. Coaches Observed Navy Work
The pre-flight schools put on a coaching school in August for high school and college coaches. From the Northeast Conference Sam England and Leyden and Harold Isaacson and Les Galitz of Niles were in attendance at the Iowa

school. The information we have about the training program there did not come from them. When we have a chance to hear them tell about what they observed at the school there should be many more interesting things to pass on to our readers.

Aviation Has Great Future

There are going to be a series of rallies in Arlington, Barrington, and Palatine soon to encourage enlistment in the naval air corps. May we put in a plug for that branch of the service as giving young men unusual training and excellent compensation. High school graduates 18 years of age may join. It seems inevitable that the draft will dip down into the 18 year old ranks soon and a boy who enlists in the air corps is not only going to get more pay but will be preparing himself in a line of work which is certain to have a great future after the war is over.

Niles calls out 75 boys for football

by G. A. McELROY

Niles Township high school of Skokie expects to have just about as good a football team as in 1941 when they split even in six Northeast conference games. However, this writer believes that the Trojans will have a better season for the great frosh team of two years ago will be ready to take over as juniors. Coaches Isaacson, Kent, Mackey, and Galitz are handling a squad of 75 boys in daily drills preparing for the opening game with Evanston of September 18 at Skokie.

After the opener with Evanston the Trojans will meet Leyden, Crystal Lake, Warren, Lake Forest, Woodstock, and Libertyville in that order in Northeast conference games. Arlington is not on the Niles schedule this year which is unfortunate in this season of travel problems. The Trojans have the worst of it from this standpoint in that they play at both Woodstock and Crystal Lake.

Niles has seven major lettermen returning which include the following boys: Paulsen, junior center, 155; Boufford, junior tackle, 270; Carroll, senior end, 150; Bierger, senior half back, 145; L. Kuhn, junior halfback, 145; Krupa, senior fullback, 155; and Harner, junior fullback, 175. Outstanding minor letter winners who are expected to be varsity players this season are G. Kuhn, junior tackle, 170; Kitteredge, senior guard, 140; Denley, junior tackle, 175; Ritter, junior quarterback, 140; and Welton, senior quarterback, 140.

Coach Isaacson of Niles believes that Lake Forest and Libertyville will be the toughest opponents in the league this year.

Woman's golf league final

The Tri-city Golf League, composed of players from Des Plaines, Mt. Prospect, and Arlington Heights closed its season Sept. 2 at the Mt. Prospect Country club. A successful golfing season was climaxed by a luncheon at which prizes were awarded. It is too bad that all teams could not win, but the committee appreciates the support of all the sponsors.

Season Prizes

1st Low Gross—Adelaide Austin.
2nd Low Gross—Miriam Dibble.
1st Low Net—Hazel Burnier.
2nd Low Net—Marion Yates.
Long Ringer Score—Iva Squire.
Ringer Score minus handicap—Martha Ragland.
1st Handicap Reduction—Betty Hammerl.
2nd Handicap Reduction—Pearl McDonald.
1st with most matches won, 29%—Ella Mae Howell.
2nd with most matches won, 28%—Elsie Turner.
Lowest Net of Season—Mary Van Saun.

Attendance Award—Mildred Simmons, Erna Schlemmer, Jackie Austin, Ruth Shallowitz.
Final Day Awards

(First name given is for first nine, others for second.)

1st Low Gross—Adelaide Austin, Iva Squire.
2nd Low Gross—Miriam Dibble, Elsie Turner.
3rd Low Gross, Harriet Mann, Betty Hammerl.
1st Low Net—Irene Shaff, Pat Large.
2nd Low Net—Adele Ellis, Lorraine Alton.
3rd Low Net—Erna Worley, Erna Schlemmer.
1st Low Putts—Edythe Skelton, Ann Keeney.
2nd Low Putts—Marion Yates, Helen Keithley.
Most 8's on card—Jackie Austin, Helen Lee.
High on (7)—Mary Van Saun.

Palatine squad spend time on fundamentals

Coach Stutzman is putting the Palatine grid squad through long tough workouts to whip the Pirates into shape for the season that is almost at hand. The Palatine eleven shapes up as having a fairly heavy line but a light backfield. The whole squad is inexperienced as even the two transfers who had been out for football in other schools did not have varsity competition.

The lineup for the first practice games is still an unknown quantity as most of the time for the three weeks of practice has been spent on football fundamentals and the boys have had little scrimmage.

Based on early workouts the backfield might be formed from among the following eight boys: Stinson, Lass, Goodwin, Lohse, Don Hooson, Machnik, Jones, and Douglas. This group will average slightly over 150 pounds. The line will likely be formed from among the following candidates: Harris 155, Howes 185, Hayes 180, Erdvigg 170, N. Bruns 160, Druse 150, Sikora 150, Bock 260, Schwank 150, Cackley 145, Oltendorf 145, C. Herr 145, Moody 145, Haemker 210, Plumbhoff 160, Hastings 155. This group averages a little over 160 pounds.

Smith, Ray Howes, and Arendt have looked the best among the freshmen. Other sophomores and juniors who are putting up a good

Mary Van Saun.

2nd Team Runner-Up

Modern Appliance Co. of Des Plaines—Marion Yates, Captain; Irene Shaff, Adele Ellis, Erna Worley, Ella Mae Howell.

The other teams in order of finish were 3, Elk Grove Township Tax Collector; 4, New El Reno Cafe; 5, Suburban Times; 6, E. E. Wolf Heating Service; 7, Arlington Chevrolet Co.; 8, Burda Drug Store.

Mohawk to stage 'club championships' day

Red Wings top Angels, 3-2

The Red Wings defeated the Queen of Angels baseball team last Sunday in ten innings by a score of 3-2.

The game was one of the finest witnessed by the local fans and kept them on edge throughout the entire ten innings.

There was good pitching on both sides with honors about even. After the Queens shoved one in the tenth the locals came back to score two on hits by Willert and Clark.

Next Sunday the Ace Fastners will be our opponents. The Fastners have a fine club and we should see a good game.

We have word that Elmer Kirchhoff will be back, so come out and give Elmer a roaring welcome.

There will be a game September 20, with the last game of the season September 27.

Batteries, Sunday's game—Red Wings, Schaefer, Clark; Queens, E. Breehn, J. Breehn.
Queens 010 000 000 1—2 7 2
R. Wings 100 000 000 2—3 7 0
